Message: Dear Ms. Leach, It is our understanding that the City Council will meet tomorrow (4-17-24) and may address the issue of the Historic Preservation designation for the Mission District. Although we cannot attend the City Council meeting tomorrow (4-17-24), we would like the Council to be aware that, as residents of the Mission District, we are very much in favor of this designation. Our understanding is that our neighbors are in favor of this designation as well, and are very much aware that this is a decision that the City Council is about to make. We look forward to the decision regarding this issue, and hope that the City council will make every effort to seriously consider our position. Please make

this letter a part of the official record regarding this issue. Thank you.
