**Subject:** Stakeholder Meeting for Council August 6th  
**Attachments:** HDR StakeholderEngagementPlan\_ClientReview\_20250609.pdf

MDOT has required that MITA do a feasibility study on the coal dock to see if it is feasible for the winter service to operate off of the coal dock. HDR would like to hold a meeting with the stakeholders, which include members of City Council. They have identified August 26, 27, or 28 as possible virtual meeting dates. I have attached the HDR Stakeholder Engagement Plan for your information. Thank you.
