**Subject:** RE: Work at Forest Way Townhomes

Danielle -

The estimated cost to complete the new alarm system at the Forest Way Town Homes would be \$1,855.29.

Note that this amount does not include the hours for time with the inspector to test the system and that will be billed appropriately.

Let me know if you have any questions.

**Subject:** Work at Forest Way Townhomes

Hello,

I spoke with Emma Motz at the City's Forest Way Townhomes and she informed me that NPE's numbers are looking like they will be coming in a bit higher than originally quoted to help finalize the installation of the new alarm system.

Is there any chance you could get me a new quote for the overall work / price by tomorrow early afternoon?  
Or forward this along to someone who might be able to help?

Any help you could provide would be great!
