Clean California Department of Transportation (Caltrans) developed the [Clean California Local Grant Program](#) through which funds will go to local communities to beautify and improve local streets and roads, tribal lands, parks, pathways, and transit centers. Through the combination of adding beautification measures and art in public spaces along with the removal of litter and debris, this effort will enhance communities and improve spaces for walking and recreation.

The goals of the Clean CA Local Grant Program are to:

- Reduce the amount of waste and debris within public rights-of-way, pathways, parks, transit centers, and other public spaces.
- Enhance, rehabilitate, restore, or install measures to beautify and improve public spaces and mitigate the urban heat island effect.
- Enhance public health, cultural connection, and community placemaking by improving public spaces for walking and recreation.
- Advance equity for underserved communities.
