

STAFF REPORT
Board Meeting of October 25, 2023

AGENDA ITEM: 4-G

PREPARED BY: Jeff Findley

SUBJECT:

Caltrans System Investment Strategy (CSIS) 2.0 Request for Delay

Enclosure: Yes

Action: Information and Discussion Only

SUMMARY:

Caltrans is in the process of preparing the Caltrans System Investment Strategy (CSIS) 2.0 that intends to advance the State's goals and priorities through the development and implementation of the CSIS. The CSIS, which implements one of the California State Transportation Agency (CalSTA) Climate Action Plan for Transportation Infrastructure (CAPTI) key actions and is envisioned to be an investment framework through a data and performance-driven approach that guides transportation investments and decisions. This framework includes methodologies and processes for how Caltrans should invest billions of dollars in highly competitive fund programs that will address transportation deficiencies while also achieving the CAPTI Guiding Principles.

Caltrans released a previous Draft CSIS (1.0) without stakeholder input, such as Metropolitan Planning Organizations (MPOs). MCTC provided a comment letter in November 2022 requesting that Caltrans work closely with stakeholders to revise the document and that their rural rubric definitions did not necessarily reflect rural conditions. MCTC also suggested that the Trade Corridor Enhancement Program (TCEP) and Solutions for Congested Corridors Program (SCCP) should have separate criteria to better reflect the intent and purpose of each program. The attached Caltrans response letter indicated that moving forward, Caltrans will develop a robust outreach and engagement plan in which stakeholder input will be a critical step. Additionally, Caltrans said they will work to address rural conditions during their outreach events.

Stakeholders throughout the State, including MCTC are requesting that the current CSIS 2.0 process be delayed in order to provide adequate time to provide meaningful input on this important document. The CSIS 2.0 Public Review Draft is currently available, with a comment deadline of November 1, 2023.

Additional information on CSIS may be found on the Caltrans website at:
