

**STAFF REPORT**  
Board Meeting of December 22, 2021

**AGENDA ITEM:** 4-C

**PREPARED BY:** Sandy Ebersole, Administrative Analyst

---

**SUBJECT:**

Caltrans Smart Mobility Framework Guide 2020

**Enclosure:** No

**Action:** Information and Discussion Only

**SUMMARY:**

The Caltrans Smart Mobility Framework (SMF) Guide has been completed and posted online. This Guide is a starting point for those working to implement multimodal and sustainable transportation strategies in California. **SMF Guide (2020)** is an update to the Smart Mobility 2010: A Call to Action for the New Decade, which is more commonly referred to as the Smart Mobility Framework. Some components of the SMF, such as complete streets, are now being implemented throughout Caltrans; however, the SMF is broader than just Complete Streets and Active Transportation. The updated SMF Guide 2020 will be incorporated in the next FY 2023-24 Sustainable Transportation Planning Grant Application Guide.

SMF Guide (2020) describes strategies, performance measures, and analysis methods for implementing smart mobility, organized around five themes: **network management, multimodal choices, speed suitability, accessibility and connectivity, and equity**. The guide also describes the application of place types to identify transportation planning and project development priorities across California. Case study examples are used to illustrate the application of smart mobility strategies in real-world plans and projects.

SMF Guide (2020) will help in addressing the important issues of creating the California of the future — sustainable, multimodal, equitable, accessible, and economically viable.

**For more information about the Smart Mobility Framework (SMF) Guide, visit the webpage for the [Office of Active Transportation & Complete Streets](#)**

**FISCAL IMPACT:**

No fiscal impact to the approved 2021-22 Overall Work Program and Budget.
