

STAFF REPORT
Board Meeting of November 19, 2025

AGENDA ITEM: 5-B

PREPARED BY: Dylan Stone, Principal Regional Planner

SUBJECT:

State Route 99 Comprehensive Multimodal Corridor Plan – Final (CMCP)

Enclosure: No

Action: Information and Discussion Only

SUMMARY:

Caltrans Districts 3, 6, and 10, in partnership with Metropolitan Planning Organizations (MPO), funding partners and stakeholders, collaborated on developing a long-range planning document, the Comprehensive Multimodal Corridor Plan (CMCP) for State Route (SR) 99 through the Central Valley. The Caltrans districts partnered with a consultant team to develop and prepare the SR 99 CMCP.

The SR 99 CMCP built on and updated the prior vision of past efforts, including the SR 99 Business Plan, while identifying a range of multimodal opportunities for improving and enhancing the SR 99 corridor and will align with statewide plans such as the California Transportation Agency's Climate Action Plan for Transportation Infrastructure (CAPTI), the California Transportation Plan (CTP) 2050, and Caltrans System Investment Strategy (CSIS).

The objective of the SR 99 CMCP is to develop a shared vision and implementation plan for the SR 99 corridor that aligns with state goals and policies while meeting the needs of agency partners, stakeholders, and the traveling public. The SR 99 CMCP addresses needs while analyzing impacts on all modes of transportation based on future land use growth along the SR 99 corridor.

The SR 99 CMCP study area's boundaries include the SR 99 corridor between the junction with Interstate 5 in the south and U.S. 50 in the north. SR 99 plays a critical role in the State's goods movement, particularly agricultural products in the southern portion of the corridor, and as a vital interregional connection for residents, visitors, and freight in the northern and more urban portions of the corridor. The Draft SR 99 CMCP was released for public review on August 22, 2025, with comments due on September 12, 2025. The SR 99 CMCP was adopted on October 30, 2025.

Alec Kimmel, Branch Chief for District 6 Division of Planning, Local Programs & Environmental Analyses, will present the Final SR 99 CMCP during the November 19, 2025 MCTC Board Meeting.

The SR 99 CMCP may be found on the Caltrans [website](#).

FISCAL IMPACT:

No fiscal impact to the approved 2025-26 Overall Work Program and Budget.
