2024 State Transportation Improvement Program (STIP) and 2024 Regional Transportation Improvement Program (RTIP) Update

**Enclosure:** Yes

**Action:** Information and Discussion Only

**SUMMARY:**

The California Transportation Commission (CTC) has released the 2024 STIP Fund Estimate (see enclosure). The Regional Transportation Improvement Program (RTIP) is a program of highway, local road, transit, and active transportation projects that a region plans to fund with State and Federal revenue programmed by the California Transportation Commission in the State Transportation Improvement Program (STIP). The RTIP is developed biennially by the regions and is due to the Commission by December 15 of every odd numbered year. The MCTC 2024 RTIP is scheduled for adoption by the Policy Board in November 2023. The program of projects in the RTIP is a subset of projects in the Regional Transportation Plan (RTP), a federally mandated master transportation plan which guides a region's transportation investments over a 20-to-25-year period. The RTP is based on all reasonably anticipated funding, including Federal, State, and local sources. Updated every 4 to 5 years, the RTP is developed through an extensive public participation process in the region and reflects the unique mobility, sustainability, and air quality needs of each region.
