

October 31, 2023

City Council  
City of Madison, AL  
100 Hughes Road  
Madison, AL 35758

Dear Council Members:

The additional consulting fees are because the City Council wanted a work session to create a third redistricting plan (the LOA provided for two) which required that I bring my GIS specialist to the meeting with me. Plan Three was ultimately adopted by the City Council. We also reviewed and analyzed various emails from citizens and city staff.

Sincerely,

Mike Slaughter, P.E., AICP  
President
