SCOPE OF SERVICES

SURVEYING

1. Topographic Survey of the project area.
 - a. The Topographic Survey shall depict and include the following information:
 - i. Location of all observed improvements, including but not limited to, paving, sidewalks, curb and gutter, paving, fences, ditches and rip rap
 - b. 1-foot contour intervals with spot elevations. Spot elevations at all major features and changes in grade, ditch lines, etc. shall be depicted.
 - c. Depict FEMA flood zone information from the current FEMA Maps.(if applicable)
 - d. Survey shall be made in accordance with the Standards of practice for Surveying in the State of Alabama.
 - e. Survey information shall be placed on the Alabama East Zone State Plane Coordinate System (NAD 83), and North American Vertical Datum of 1988 (NAVD 88) using the latest Geoid.
 - f. Surveyor will contact 811 to request underground utility locates, however, lacking excavation, the exact location of underground features cannot be accurately, completely, and reliably depicted. In addition, similar utility locate requests from surveyors may be ignored or result in an incomplete response, in which case the surveyor shall note on the plat or map how this affected the surveyor's assessment of the location of the utilities. Where in additional or more detailed information is required, the client is advised that excavation and/or private utility locate request may be necessary.

CIVIL DESIGN

J.M. Phillips Engineering, LLC will prepare the plans and documents necessary for the approval and construction of the site improvements for the proposed improvements. These developments include drainage improvements to keep runoff drained and not ponding around the field house or tennis courts. These plans and documents are anticipated to include the following:

- a. Retaining Wall Layout Plan;
- b. Retaining Wall Plan and Profile
- c. Grading and Drainage Plan
- d. Phased Erosion Control Plans;
- e. Construction Details;
- f. Hydraulic/ Hydrologic Modeling, Design, and Report
- g. Construction Reviews/ Administration

GENERAL ASSUMPTIONS AND REQUIREMENTS

- Client shall provide site access as required to perform the work as requested within the scope of this project and that Engineer and Subconsultants may enter the subject properties as well as the adjoining properties without further notice if this agreement is executed.
- J.M. Phillips Engineering, LLC will provide electronic copies of the stamped design drawings.
- Client shall provide Engineer with all information needed (i.e., CAD/PDF files of Architectural, Mechanical, Plumbing, Electrical Plans)
- Any application, printing and recording fees for the project will be billed as reimbursables for the project.
- Reimbursable expenses will be billed monthly at cost plus 15%.
- J.M. Phillips Engineering, LLC has included the submission of the Civil Design Package for review with the City of Madison. Any applications fees charged for the review of the project will be billed as a reimbursable expense to the project.

EXCLUSIONS

The following items are not included in the Scope of Services:

- Application/ Submission and Recording Fees
- Postage/Mailing Fees (if required)
- Revisions based on errors from the information provided to Engineer by others.
- FEMA Elevation Certificates, LOMR, LOMR-F, etc.
- Subdivision, Rezoning, variance, vacation requests, or other matters not specifically mentioned herein above.
- As-Built Surveys and/or drawings
- Environmental Studies. It is assumed that all necessary environmental studies will be performed by others and approved by judicial authorities.
- Offsite infrastructure and/ or utility extensions or improvement design services
- Site Lighting/ photometric design services
- Geotechnical Engineering Evaluation
- ADEM NPDES Permitting
- ALDOT Review and/ or permitting
- Any activities not associated within the Scope of Services as defined herein above.
