Subject: BRINC Info

Captain McRae,

Here is the information for the BRINC Lemur for the City Council Meeting Agenda.

BRINC Lemur Serial Number is 0031
City of Madison Serial Number is 07458

The BRINC and all of it's proprietary accessories were traded for an Autel EVO II and Autel accessories.

The trade was an even swap and there was no balance due to be paid by the City of Madison for the Autel EVO II.

Let me know if you need anything else.

Respectfully,

Danny Pettus
