## Background

Please provide a description of your organization, its goals, and why it should be considered for a grant.

The City of Madison, Alabama is a local government that serves a population of around 60,000. Our goal is to provide parks, greenways, and other recreational activities for our residents. One way we do that is to have small neighborhood parks spread throughout the city, over 30. Most of the parks have GameTime equipment that has served the parks for over 20+ years and it is time to revitalize many of the parks with new playground equipment again from GameTime.

## Site Info

**Number of players:**      **Age range:**      **Total play area size:**      **Is the site level?:**

Only one location will be within an already established surfaced area. All others will require borders and surfacing but are flat open areas.
