#### **PLANNING DEPARTMENT**

##### **PROPOSED ORDINANCE NO. 2022-260: VACATION OF A PORTION OF A UTILITY AND DRAINAGE EASEMENT LOCATED AT 223 COACH LAMP DRIVE WITHIN WILLOW CREEK SUBDIVISION**

This was a first reading only of Proposed Ordinance No. 2022-260.

##### **RESOLUTION NO. 2022-264-R: APPROVING A DEVELOPMENT AGREEMENT BETWEEN THE CITY OF MADISON, ALABAMA AND MCKINLEY HOMES US, LLC, ET AL. FOR PROPERTY LOCATED ON THE SOUTH SIDE OF HUNTSVILLEBROWNS FERRY ROAD, WEST OF MORRIS DRIVE**

Director of Development Services Mary Beth Broeren informed Council of the specifics of the Development Agreement between the City of Madison and Alabama and McKinley Homes US, LLC, ET AL. Director of Development Services Mary Beth Broeren presented a concept plan provided and asked Council for their action on the Development Agreement. Director of Development Services Mary Beth Broeren informed Council that a representative from the developer as well as a landowner were there to answer questions if needed.

Council Member Wroblewski asked if they could share the price point of the homes. Director of Development Services Mary Beth Broeren responded that she had reached out to the developer who estimated the prices to be in the \$400,000 to \$600,000.

Council Member Bartlett asked about the phasing of the housing units and when the flats would come online. Director of Development Services Mary Beth Broeren responded that the flats would start after the townhomes and the single-family homes sometime in 2024 or 2025 as they are unsure. Council Member Bartlett asked if there would be a possibility the home could be built in 2023 and Director of Development Services Mary Beth Broeren responded that there is no issuance of Certificate for Occupancy allowed before March of 2024.

Council Member Bartlett asked if there is a reason why the development agreement did not include the phasing of the stack flats. Director of Development Services Mary Beth Broeren responded that the stack flats would be built in one phase, but due to the product type they were not put in a phase as they are counting on the limitations of the Certificate for Occupancy.

Council Member Denzine asked what size and how many bedrooms are in the flats. Director of Development Services Mary Beth Broeren referred the question to the developer Henry Massey from McKinley Homes US, LLC, ET, AL. Henry Massey from McKinley Homes US, LLC, ET, AL, responded that they are going to be one, two, and three bedrooms, but they won't know the unit mix until 2025 or 2026, depending on market conditions. Council Member Denzine explained that the reason for wanting to know the timeline and size of the units is to project how it is going to affect the City of Madison schools. Henry Massey from McKinley

Homes US, LLC, ET, AL, explained that the three-bedroom units are going to be less than 3 to 4 percent.

Council Member Denzine asked about the size of the townhomes. Henry Massey from McKinley Homes US, LLC, ET, AL, responded that they are going to range from 1,800 to 2,200 square feet and that they will be two and three bedrooms. Henry Massey from McKinley Homes US, LLC, ET, AL, also provided that the single-family homes will be 1,800 to 2,800 square feet in size.

Council Member Denzine asked for clarification on the commercial and neighborhood community space. Director of Development Services Mary Beth Broeren explained that the commercial space is 33,000 square feet separate from the community space.

Council Member Denzine asked about the timing for when the commercial space would come forward since they must wait until they have a minimum of one hundred Certificate for Occupancy before it moved forward. Director of Development Services Mary Beth Broeren responded it would be late 2024 for the commercial site plan to come forward. Director of Development Services Mary Beth Broeren explained that she talked with the developer because the expectation is that the commercial site plan would follow the home, but the developer needs to get their tenants before they move with the commercial site plan. Director of Development Services Mary Beth Broeren also explained that it is unpredictable to give a time frame for the commercial given how far out it is. Director of Development Services Mary Beth explained that given the amount of park acreage that the city is being given, they exercised a bit of flexibility with respect to the commercial site plan and that the conceptual plan requires the commercial as well as the development agreement, but she felt that it did not make sense to say that it had to be built by a certain date due to how far out it is.

Council Member Powell agreed with Director of Development Services Mary Beth regarding the time frame for commercial as it is going to be hard due to the market and inflation causing an unknown on the time frame.

Council Member Denzine responded that she was not looking for a specific date, but that the commercial is a high priority and she appreciated that it was included in the Development Agreement.

Director of Development Services Mary Beth explained that it was negotiated into the agreement because residential developers normally don't offer commercial development and that she understands how important it is for commercial development for Council along the road frontage. Director of Development Services Mary Beth explained that the housing has to be there before retailers and commercial businesses are interested in that area.

Council Member Spears said she appreciated the developer working with the city and Director of Development Services Mary Beth for getting the commercial development addition to the agreement along with the park land and road frontage.

Council Member Bartlett advised that with Madison City Schools being number one they should have no problem selling the three-bedroom units. Council Member Bartlett also thanked McKinley Homes US, LLC, ET, AL for working with Director of Development Services Mary Beth on the donation of parks and recreation space for the westside of town.

Council Member Wroblewski moved to approve Resolution No. 2022-264-R. Council Member Powell seconded. Council President Shaw asked for any discussion, Council Member Denzine asked for a confirmation regarding the T and D zoning and that the contract is solid regarding the commercial. Director of Development Services Mary Beth explained that with this location there is a development agreement versus The Village at Oakland Spring and Town Madison where there is no development agreement. The development agreement allows the city to lock it in and if an amendment needs to be made, it will require the action of the City Council. The vote was taken and recorded as follows:

Council Member Maura Wroblewski	Aye
Council Member Connie Spears	Aye
Council Member Teddy Powell	Aye
Council Member Greg Shaw	Aye
Council Member Ranae Bartlett	Aye
Council Member Karen Denzine	Aye
Council Member John Seifert	Aye

Motion carried.

Mayor Paul Finley thanked Director of Development Services Mary Beth for taking the lead on the development agreement and McKinley Homes US, LLC, ET, AL for working with the City.
