1. Damage while any boiler, fired or unfired vessel or electrical steam generator is undergoing a hydrostatic or gas pressure test;
2. Damage while any type of electrical or electronic equipment is undergoing an insulation breakdown test;

The most we will pay under this endorsement for direct **"loss"** to Covered Property is the Property Damage Limit of Insurance shown in the schedule of this endorsement. If Business Income Coverage, Extra Expense Coverage, or Business Income and Extra Expense Coverage is included in the policy to which this endorsement is a part, the most we will pay for those extensions of coverage under this endorsement are the respective Limits of Insurance shown in the schedule of this endorsement.

All losses covered by this endorsement occurring at any one location which manifests themselves at the same time and are the result of the same cause will be considered a single loss. If an initial loss covered by this endorsement causes other losses covered by this endorsement, all will be considered a single loss.

D. Extra Expediting

This endorsement is extended to cover the reasonable extra cost of temporary repair and of expediting repair or replacement of Covered Property as a direct result of loss otherwise covered by this endorsement. The most we will pay under this extension is the amount shown as the Expediting Expense Sublimit in the schedule of this endorsement.

K. Deductibles

There shall be liability under this endorsement only when the amount of loss exceeds the Boiler and Machinery Deductibles shown in the schedule of this endorsement. If no Boiler and Machinery Deductibles are shown, coverage under this endorsement is subject to the policy deductible.

If an hour deductible is shown in the schedule, we will only pay for loss or damage you sustain after the first specified number of hours immediately following the physical loss to the Covered Property.

If a multiplier is shown in the schedule of this endorsement, the deductible is determined by multiplying the One Hundred Percent Average Daily Value (100% ADV) times the multiplier. The 100% ADV will be obtained by dividing the total net profits, fixed charges and expenses for the entire location that would have been earned had no physical loss occurred during the period of interruption of business by the number of working days in that period. No reduction shall be made for net profits, fixed charges and expenses not being earned, or in the number of working days, because of the physical loss or damage or any other scheduled or unscheduled shutdowns during the period of interruptions.

If a percent of loss deductible is indicated in the schedule of this endorsement, we will not be liable for the indicated percentage of loss or damage insured under this endorsement. If the dollar amount of such percentage is less than the indicated minimum deductibles, the minimum deductible will be the applicable deductible.
