

CEO Report
For April 2023

Cohesive continues to provide an interim administrator covering 3 days a week onsite and available by phone. A new Administrator has been hired and will start June 5th. He is a local person who grew up in Mangum and now lives in Altus. The hospital staff and Cohesive are excited that he agreed to join the team. He comes with a lot of clinical leadership and management experience.

The census remains good with an average daily census of 12 for the month of April. The clinical team continues to do a great job taking care of patients. We received a patient survey back scoring everything very high. The patient included additional information about how happy they were with their care and the staff.

Provider coverage remains good with consistent providers every week. The providers saw 138 patients through the ER in April.
