Valued Customer,

From time to time, we review our pricing to ensure it remains aligned with current market conditions and the cost of providing quality service. After a recent review, we've determined that your current pricing is well below market rates.

As a result, we will be making a **one-time price adjustment effective Monday, November 3**. This adjustment reflects current market conditions and supports our ability to continue delivering the level of service and reliability you expect from us.

We understand that price changes can be challenging. This decision was made carefully and thoughtfully, with the goal of maintaining a sustainable and mutually beneficial partnership.

You are a **valued customer**, and we remain committed to providing you with the **highest levels of quality, responsiveness, and reliability**. If you have any questions or would like to discuss this update further, please don't hesitate to reach out to customer service at 1-866-Vestis1 (1-866-837-8471).

Thank you for your continued partnership and trusting us to keep you running!
