**Subject:** Telehealth Cart Quote

Dale and Cindy,

Attached are two proposals for a telehealth tablet cart that will work with the TytoCare Telehealth Solution that was just recently approved by the hospital governing board. One proposal includes 1 telehealth tablet cart and the other is for 2 telehealth tablet carts. I was not sure if there was a need for a cart at the clinic. The breakdown is below, and it does not include shipping:

Quantity	Item	Cost
1	Telehealth tablet cart	\$1,302.00
1	12" ipad pro	\$1,100.00
1	VESA mount for ipad pro	\$ 82.00
1	Medxp Power (12-14 hours of power)	\$ 735.00
1	Jabra bluetooth speaker/microphone	\$ 290.00
	<b>Total for 1 - Telehealth tablet cart</b>	<b>\$3,509.00</b>
2	Telehealth tablet cart	\$2,604.00
2	12" ipad pro	\$2,200.00
2	VESA mount for ipad pro	\$ 164.00
2	Medxp Power (12-14 hours of power)	\$1,470.00
2	Jabra bluetooth speaker/microphone	\$ 580.00
	<b>Total for 2 - Telehealth tablet carts</b>	<b>\$7,018.00</b>

Please review and let me know if you have any questions about the proposal.

Thank you,

**Craig Peter** | IT
