OTHER ITEMS

- 4. Discussion and possible action to accept a proposal from Greer County Emergency Medical Services to provide ambulance services to MUA customers for a monthly charge which would be automatically added onto their monthly utility bill.

Corry Thomas from the Ambulance Service presented the proposal. He started out by explaining that EMS is not getting in enough money to keep going if something does not change. The billing company is getting caught up on getting the money in and they received a good amount of money from the Ad Valorem Tax about \$50,000.00. This was enough to get the bills caught up. The single problem is the cost of personnel and keeping the staff and be able to pay them what they should be paid. He stated that if every household would pay \$12.00 a month with their utility bill that would be enough to be able to continue service and be able to pay the bills.

The board would like to set up a public meeting or Town Hall meeting.
