Article III Section 8.05 of the Manor City Charter states, “the City Manager is responsible for the timely preparation and presentation of the budget”. The **General Fund** is the primary operating fund in the budget used to account for resources not required to be accounted for in other funds devoted to specific activities. It is used to account for operations of basic City functions such as public safety, public works, cultural and leisure programs, community planning/development plus direction and management of all municipal functions. Services provided by the City are classified according to activity and presented as operating departments in the Budget.

As a spending plan for the year the budget contains estimates of revenues expected to be generated in the forthcoming year as well as the cost of programs that are planned for the year. Two basic elements of all funds are revenue and expenditures, the latter of which authorize expenditures for line items that appear in each departmental breakdown. These are detailed in the budget document for each activity in each fund. The former are estimates of fiscal resources that are expected to be generated during the subject fiscal year and are intended to finance programs of “Expenditures” for that same time frame.

Total revenue estimated for the 2026-2027 fiscal year is \$27,840,859. Direct expenditures are proposed as \$27,840,859.

MAYOR AND CITY COUNCIL

In accordance with the provisions of Article III Section 8.04 of the Manor City Charter, the proposed *Annual Operating Budget* for the City of Manor for the Fiscal Year of October 1, 2026, through September 30, 2027, is hereby presented for your consideration.

The grand total of all appropriations for all departments, operations, and functions proposed for the FY 2026-2027 Annual Budget is \$66,521,421 to be generally distributed as described herein.

The proposed FY 2026-2027 Annual Budget is a zero-based, balanced, and appropriately conservative financial plan wherein all operating expenditures are supported by revenue generated during the fiscal year; and was developed through a comprehensive review of financing for all existing programs, operations, and services. The primary goal of this proposed budget is to maintain existing service levels. The staff remains focused on enhancing service levels wherever possible.

As required by section 102.005 (d) of the Texas Local Government Code, the City of Manor provides the following statement on this cover page of its budget:

The budget will raise **\$1,742,475 (7.81% approx)** more property tax revenues than last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is **\$2,263,070.**
