PETITION TO ESTABLISH
PUBLIC IMPROVEMENT DISTRICT

COUNTY OF TRAVIS

TO THE HONORABLE GOVERNING BODY OF THE CITY OF MANOR:

COMES NOW KB HOME LONE STAR INC., a Texas corporation ("Petitioner"), and hereby requests and petitions the City of Manor, Texas (the "City") to establish the Mustang Valley Public Improvement District (the "District") under and pursuant to the provisions of Chapter 372, Texas Local Government Code, on the hereinafter described property situated within corporate limits of the City, and in support thereof would respectfully show the following:

I.

The general nature of the proposed public improvements to be provided by the District, in phases, are (a) acquisition, construction and improvements, and maintenance of the improvements, consisting of (1) landscaping; (2) erection of fountains, distinctive lighting, and signs; (3) acquiring, constructing, improving, widening, narrowing, closing, or rerouting of sidewalks or of streets, any other roadways, or their rights-of-way, including related landscaping, lighting, traffic control devices, screening walls and retaining walls; (4) construction or improvement of pedestrian malls; (5) acquisition and installation of pieces of art; (6) acquisition, construction, or improvement of off-street parking facilities; (7) acquisition, construction, or improvement of water, wastewater, or drainage facilities or improvements; (8) the establishment or improvement of parks; (9) projects similar to those listed in (1)-(8); (10) acquisition, by purchase or otherwise, of real property or contract rights in connection with an authorized improvement; (11) special supplemental and maintenance services for improvement and promotion of the district, including services relating to advertising, promotion, health and sanitation, water and wastewater, roadways, public safety, security, business recruitment, development, recreation, and cultural enhancement (collectively, the "Authorized Improvements"); and (b) the payment of expenses incurred in the establishment, administration, and operation of the District, including maintenance costs, costs of issuance, funding debt service and capitalized interest reserves and credit enhancement fees of any bonds issued by or on behalf of the District, if necessary.

II.

The estimated costs of constructing and acquiring all of the currently proposed public improvements, together with bond issuance costs, legal and financial fees, letter of credit fees and expenses, bond credit enhancement expenses, capitalization of bond interest, the creation of a bond reserve fund, expenses incurred in the establishment, administration and operation of the District and acquisition, by purchase or otherwise, of real property or contract rights in connection with each authorized improvement, is presently estimated to be a total of approximately \$28,000,000, based on the estimated current and future costs for construction and acquisition of the Authorized Improvements to serve the area within the District, as authorized by law. The total costs of the Authorized Improvements shall be paid from any revenues or assessments lawfully available to

the City, anticipating that the costs of acquisition of the Authorized Improvements will be paid pursuant to a contractual reimbursement obligation or bonds secured by and payable from a special assessment levied on all property within the District's boundaries for the public improvements.

III.

The boundaries of the proposed District are fully described in Exhibit "A", attached hereto and made a part hereof for all purposes.

IV.

The proposed method of assessment related to the costs of acquisition of the Authorized Improvements is to impose a special assessment to be paid in installments on all useable property within the District, net of any public right-of-way, according to the value of the property, without regard to the value of improvements on the property, or in any other manner that results in imposing equal shares of the cost on property similarly benefitted. A report will be prepared showing the special benefits accruing to property within the District and how the costs of the Authorized Improvements are assessed to property on the basis of special benefit received by the property from the Authorized Improvements.

V.

The estimated costs of the Authorized Improvements are in addition to costs of operating and maintaining the Authorized Improvements, issuing bonds, if any, and establishing, administering and operating the District. All costs incurred by the District shall be paid by the District, and there shall be no apportionment of costs between the District and the City as a whole. The City will not be obligated to provide any funds to finance the proposed Authorized Improvements except from assessments generated by property within the District.

VI.

Management and administration of the District shall be by the City. The City may contract from time to time with a private company for District administrative services.

VII.

The individual executing this Petition is duly authorized to execute this Petition, and the Petitioner and the undersigned request the establishment of the District.

VIII.

An Advisory Board may be established to develop and recommend an improvement plan to the City Council of the City (the "Council"). The Petitioner requests that if the Council establishes an Advisory Board, that such Advisory Board should include representatives of the Petitioner.

IX.

This Petition has been executed for and on behalf of (i) the owners of more than 50% of the taxable real property described in said Exhibit A, representing all of the appraised value of taxable real property liable for assessment under this Petition as shown by the current roll of the Travis County Appraisal District, and (ii) the record owners of more than 50% of the real property liable for assessment under this Petition, and shall be filed with the Secretary of the City.

WHEREFORE, PREMISES CONSIDERED, Petitioner prays that the Council:

(1) duly consider this Petition and adopt a Resolution finding (i) that this Petition complies with all legal requirements; (ii) that the proposed improvements are necessary, advisable and will provide a public use and benefit to the City; and (iii) that the estimated costs of the improvements, the method of assessment and the apportionment of costs between the District and the City are reasonable and acceptable;

(2) call a public hearing, give notice thereof as required by law and hold such hearing on the advisability of the public improvements specified in this Petition; and

(3) grant all matters requested in this Petition and grant such other relief, in law or in equity, to which Petitioner shall show itself to be entitled.

[SIGNATURES TO FOLLOW]

IN WITNESS WHEREOF, this Petition has been executed by the duly authorized representative of the Petitioner on June 6, 2022.
