## AGENDA ITEM SUMMARY FORM

**PROPOSED MEETING DATE:** February 5, 2025  
**PREPARED BY:** Scott Moore, City Manager  
**DEPARTMENT:** Administration

---

### AGENDA ITEM DESCRIPTION:

Consideration, discussion, and possible action on allocating funds for senior transportation within the City of Manor.

### BACKGROUND/SUMMARY:

In 2022, the Senior Access organization approached the City of Manor with a proposal to address the transportation needs for our senior citizens. The proposal identified an alternative transportation option and other personal services needed for our senior citizens to maintain their independent living status. The transportation service Senior Access was able to extend here in Manor helped address a concern for the citizens who needed to make appointments and access other services outside the City of Manor. In 2024, Senior Access completed over 860 service appointments for Manor residents and increased their total number of active residents utilize this service from 30 to 48. As the City of Manor continues to attract senior residents to the community, maintaining the working relationship with Senior Access will continue to fill an important transportation need for our senior residents. It has played a role in attracting citizens to Manor and has allowed Senior Access to expand its services and programs to our senior population.

### LEGAL REVIEW:

**FISCAL IMPACT:** Funding is available in the FY2024-25 budget

### PRESENTATION:

### ATTACHMENTS:

- 2025 Request Letter
- 2024 Statistical Transportation Analysis

### STAFF RECOMMENDATION:

The city staff recommends that the City Council authorize the financial support for the Senior Access agency in an amount not exceeding \$10,000.
