

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: April 16, 2024
PREPARED BY: Scott Moore, City Manager
DEPARTMENT: Administration

AGENDA ITEM DESCRIPTION:

Consideration, discussion, and possible action on a Resolution authorizing a Multiple Use Agreement with the Texas Department of Transportation (TxDOT) to request the construction, maintenance, and operation of a public pedestrian bridge at 10598 E US HWY 290, adjacent to Shadow Glen Boulevard along the north side right-of-way on US290.

BACKGROUND/SUMMARY:

On December 4, 2024, the Public Works Department presented a proposal to install pedestrian bridges along the US290 Corridor near the Manor Crossing Development, the Medical Tower complex, and the Walmart development. The presentation of the pedestrian bridge concepts illustrated pedestrian-friendly options for the citizens to utilize in this section of the city. The city's development codes require property owners to install sidewalks along the portion of their property's dedicated right of way. The Manor Crossing Development has met that requirement for installing sidewalks adjacent to its 65 acre development along both US290 and FM973 Corridors. In order to safely connect the shopping center to the Medical Tower complex existing sidewalks, TxDOT is requesting the city approve a Multiple-Use Agreement and resolution for the installation of the pedestrian bridge on the north side of US290 near Shadow Glen Boulevard.

The proactive steps the city has taken in addressing a pressing need for connecting existing sidewalks adjacent to the major commercial developments near US290/FM973 and other locations throughout the city is supported by TxDOT officials along with the bridge initiative along their right of way.
