

## AGENDA ITEM SUMMARY FORM

**PROPOSED MEETING DATE:** February 18, 2026  
**PREPARED BY:** Scott Moore, City Manager  
**DEPARTMENT:** Administration

---

### AGENDA ITEM DESCRIPTION:

Consideration, discussion, and possible action regarding the scheduling of a City Council Goals and Vision Workshop.

### BACKGROUND/SUMMARY:

The City Council has conducted a Goal and Vision Workshop in the past and identified key priorities like retail development, job recruitment and retention initiatives, and downtown development. The city needs a major medical development initiative to address the healthcare needs of our residents and families living in rural sections of eastern Travis County. As the city continues to grow, workforce and skills training initiatives will help the city identify key partners looking to expand their operations in the region. Maintaining a strong and vibrant local economy will also help identify partnership opportunities for the city to expand our regional priorities, working with our key stakeholders, as well as our federal and state officials and agencies.

**LEGAL REVIEW:** Not Applicable  
**FISCAL IMPACT:** No  
**PRESENTATION:** No  
**ATTACHMENTS:** No

### STAFF RECOMMENDATION:

Staff recommends that the City Council set a City Council Goals and Vision Workshop.
