FOR PROPERTY TO BE ANNEXED INTO THE CITY OF MANOR**

This Agreement Regarding Post-Annexation Provision of Services for Property to be Annexed into the City of Manor (the "Agreement") is entered into by and between the City of Manor, Texas, a municipal corporation ("City"), and Jefferson Triangle Marine, L.P. ("Landowner"), both of which may be referred to herein singularly as "Party" or collectively as the "Parties."

RECITALS

WHEREAS, upon the request of the Landowner, the City intends to institute annexation proceedings for an area of land described more fully hereinafter and attached hereto (the "subject property");

WHEREAS, Section 43.0672, Loc. Gov't. Code, requires the Parties to enter into a written agreement identifying a list of public services to be provided to the subject property and a schedule for the provision of those services that are not otherwise provided on the effective date of the annexation;

WHEREAS, this Agreement is being entered into by and between the Parties to comply with Texas Local Government Code, Chapter 43, Sub-Chapter C-3, Section 43.0672, prior to the City's consideration of an ordinance annexing the subject property, it being understood, acknowledged and agreed by the Parties that annexation of the subject property is a condition precedent to this Agreement becoming effective;

WHEREAS, this Agreement shall be deemed effective on the effective date of an ordinance approved by the City annexing the subject property (the "Effective Date").

WHEREAS, the subject property is not included in the municipal annexation plan and is exempt from the requirements thereof;

WHEREAS, infrastructure provided for herein and that existing are sufficient to service the subject property on the same terms and conditions as other similarly situated properties currently within the City limits and no capital improvements are required to offer municipal services on the same terms and conditions as other similarly situated properties within the City; and

WHEREAS, it is found that all statutory requirements have been satisfied and the City is authorized by *Chapter 43, Loc. Gov't. Code*, to annex the subject property into the City;

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

The following services and schedule represent the provision of services agreed to between the Landowner of the subject property and the City establishing a program under which the City will provide municipal services to the subject property, as required by section 43.0672 of the Texas Local

Government Code. The services detailed herein will be provided at a level consistent with service levels provided to other similarly situated areas within the City.

The following services will be provided for the subject property on the Effective Date of annexation:

(1) **General Municipal Services.** Pursuant to the requests of the landowner and this Agreement, the following services shall be provided immediately from the effective date of the annexation:

A. Police protection as follows:

Routine patrols of areas, radio response to calls for police service and all other police services now being offered to the citizens of the City. Upon annexation, police protection will be provided to the subject property at a level consistent with the service to other areas of the City with similar population density and characteristics. The City's police services include neighborhood patrols, criminal investigations, crime prevention, community services and school programs.

B. Fire protection and Emergency Medical Services as follows:

Fire protection by agreement between the City and the ESD's present personnel and equipment of the ESD fire fighting force and the volunteer fire fighting force with the limitations of water available. Radio response for Emergency Medical Services with the present contract personnel and equipment of the ESD.

C. Solid waste collection services as follows:

Solid waste collection and services as now being offered to the citizens of the City. The City provides residential solid waste collection services within the City limits for a fee under a contract between the City and private refuse collection operator. The residential solid waste collection services include garbage collection, recycling, bulky item collection and yard waste collection. Commercial solid waste collection services are also available. This service will be provided for a fee to any person within the subject property requesting the service after the Effective Date of annexation, provided that a privately owned solid waste management service provider is unavailable. If the subject property is already receiving service, the City may not prohibit solid waste collection by the privately owned solid waste management service provider, nor may the City offer solid waste collection services for a period of two (2) years following the Effective Date of the annexation unless a privately owned solid waste management service provider is or becomes unavailable, as established by Texas Local Government Code section 43.0661. If a landowner uses the services of a privately owned solid waste management service provider or services are available from a privately owned solid waste management service provider during the two (2) years following annexation, the City will not provide solid waste collection services to that landowner.

D. Animal control as follows:

Service by present personnel, equipment and facilities or by contract with a third party, as provided within the City.

E. Maintenance of City-owned parks and playgrounds within the City.

G. Maintenance of other City facilities, buildings and service.

H. Land use regulation as follows:

On the effective date of annexation, the zoning jurisdiction of the City shall be extended to include the annexed area, and the use of all property therein shall be grandfathered; and shall be temporarily zoned "Agricultural District "A"" with the intent to rezone the subject property upon request of the landowner or staff. The Planning & Zoning Commission and the City Council will consider rezoning the subject property at future times in response to requests submitted by the landowner(s) or authorized city staff. The City will impose and enforce its adopted ordinances, including but not limited to, zoning, subdivision development, site development and building code regulations within the subject property upon the Effective Date of the annexation. Enforcement will be in accordance with City ordinances. Development plans and plats for projects within the subject property will be reviewed for compliance with City standards.

If connected to the City's water utility system, the subject properties' owner shall construct the internal water lines and pay the costs of line extension and construction of such facilities necessary to provide water service to the subject properties as required in City ordinances. The ordinances in effect at the time a request for service is submitted shall govern the costs and request for service. The continued use of a septic system that is in use on the effective date of the annexation and is in compliance with all applicable rules and regulations shall be permitted and such use may continue until the subject property owner requests and is able to connect to the City's wastewater utility system.
