If the Plan Administrator finds that the Plan Participant is not entitled to a claim payment under the Plan, the claim application shall be denied, all or in part, and returned to the Plan Participant with the Plan Administrator's reason for denial. The Plan Participant may appeal a denial by the Plan Administrator to the Plan Sponsor. The Plan Sponsor's determination is final and conclusive.

Flexible Spending Arrangement Plan Document

Introduction

The Plan Sponsor recognizes that many employees in today's work force are faced with childcare expenses, as well as certain medical or healthcare expenses that are not fully covered by your health benefit program.

To assist employees with these expenses, we are offering you the opportunity to participate in the Plan Sponsor Dependent Care Account and Unreimbursed Healthcare Spending Account Plans. These Plans are part of the Plan Sponsor Section 125 Flexible Spending Arrangement ("FSA" or "Plan Sponsor Plan"). These FSA Account plans allow you to pay for dependent care and healthcare expenses that are not or cannot be reimbursed by your health benefit program, such as the monthly contributions, deductibles and the benefit percentage that is your responsibility, with before-tax dollars. This Plan Sponsor Plan offers you the opportunity to make contributions to FSA Accounts to cover these expenses with before-tax moneys.

You will be reimbursed for childcare expenses and unreimbursed healthcare expenses from your FSA accounts as you present your claims for payment.

We have written this booklet with as few technical terms as possible, so that you will be aware of your benefit rights. Every effort has been made to make the booklet as complete and accurate as possible. However, if any conflict should arise between this booklet and these plans, the terms of the plans will govern.

Plan Sponsor will be happy to supply you with any additional information so that you will have a complete understanding of the benefits.

General Information

Name and Type of Plan and Fiscal Year

The names of the plans available in the FSA are: (1) the Plan Sponsor Dependent Care Account, and (2) the Plan Sponsor Unreimbursed Healthcare Reimbursement Account Plan. The Dependent Care Account is a plan authorized under Section 129 of the Internal Revenue Code. The Unreimbursed Healthcare Reimbursement Account is authorized under Sections 105 & 125 of the Internal Revenue Code. These plans are provided under the Plan Sponsor Plan, which is an authorized Internal Revenue Code Section 125 Cafeteria Plan.

Administration of the Plan

The Plan Sponsor is the Member. The Plan Administrator is TML Health Benefits Pool.

Agents for Service of Process

Legal service of process may be made on the Plan Sponsor.

Amendments to, or Termination of, the Plan

The Plan Sponsor Plan may be modified, amended or terminated in whole or in part, at any time by the Plan Sponsor or its designee.

Flexible Benefit Plan

A flexible benefits plan is a benefit designed to increase employee's' spendable income by reducing their taxes. Internal Revenue Code Section 125 allows employers to provide three basic types of flexible benefits plans to their employees.

1. Premium Conversion plan
2. Dependent Care Spending Account
3. Unreimbursed Healthcare Spending Account

How the Program Works

These flexible benefits plans let you set aside part of your pay on a *before-tax* basis to:

1. Pay certain insurance premiums through the **Pre-tax Premium Conversion** Option;
2. Set up an **Unreimbursed Healthcare Reimbursement Account** to pay certain medical, dental, vision and hearing care expenses not covered by insurance (Unreimbursed Healthcare Account standard maximum $2,750 per year [Patient Protection Affordable Care Act] or a lower amount established by the employer); and
3. Set up a **Dependent Care Account** to pay eligible childcare and dependent care expenses while you and your spouse (if married) are at work. Yearly maximum is $5,000 (or $2,500) for married employees who file separate returns). These options are explained in more detail in the sections to follow.

What are Before-Tax Dollars?

The before-tax dollars you contribute to this program is money that is *never* taxed for federal income tax and social security tax purposes. Basically, the program reduces your taxable income.

Participating in flexible benefits plans will not affect your other benefits or your employment contract (if applicable). They will continue to be based on your actual income. Your W-2 form, however, will show a reduced amount of pay according to your Pre-tax Premium Conversion and Reimbursement Account elections.

Eligibility

You are eligible for the flexible benefit plans for premium conversion, dependent care and/or unreimbursed healthcare expenses on the Plan Sponsor Plan's effective date if you are eligible to receive other employee benefits from your employer. You will have the opportunity to make before-tax contributions to each of the flexible benefit plans. You can make your elections by completing the election form or the online enrollment form.

Changes in Eligibility

You will cease to be eligible for the participation in the Plan Sponsor Plan if the following occurs:

1. the plan terminates,
2. you are no longer an eligible employee of the Plan Sponsor, or

3. you elect to revoke your elections because you qualify for leave under the Family and Medical Leave Act of 1993 (FMLA).

If you revoke your eligibility under the provisions of FMLA and then return to work you may reinstate your elections on the same terms as prior to the leave. If you are no longer an eligible employee of the Plan Sponsor, you must elect COBRA continuation of coverage and promptly pay 102% of your contracted contribution in order to access any benefit balance for claims incurred after the date of your termination.

Choosing a Deposit Amount

When you enroll in the Plan Sponsor Plan, you must specify the amount of your income you want deducted, on a pre-tax basis for the Dependent Care Spending Account and/or Unreimbursed Healthcare Spending Account. Your employer will administer the Pre-Tax Premium Conversion Plan for you. Equal payroll deductions will be taken from each paycheck during the plan year. The Unreimbursed Healthcare Spending Account contributions are established by the employer with a standard maximum amount of $2,750 per year (as of January 2020 and thereafter).

Restrictions on Changing Your Deposit Amounts

You may not change or revoke your elections during the Plan Year except as prescribed in federal regulations. Those qualifying events include, but are not limited to the following circumstances:

1. Change in legal marital status, including marriage, divorce or legal separation, death of spouse or annulment.
2. Change in the number of dependents including birth, adoption and placement for adoption or death of a dependent.
3. Change in employment status, including commencement or termination of employment of the employee, spouse or dependent.
4. Change in work schedule including an increase or decrease in the number of hours of employment by employee, spouse, or dependent including a switch from full-time to part-time status, a strike or lockout, or commencement or return from an unpaid leave of absence.
5. The dependent satisfies or ceases to satisfy the requirements for dependents. An event that causes an employee's dependent to satisfy or cease to satisfy the requirements for coverage due to attainment of age, or any similar circumstances as provided under the accident or health plan under which the employee receives coverage.
6. A change in the place of residence or work site of the employee, spouse or dependent.
7. An employee who is eligible, but not enrolled, for coverage under the terms of the plan (or a dependent of such an employee if the dependent is eligible, but not enrolled for coverage under such terms) may enroll for coverage under the terms of the plan within sixty (60) days of loss of coverage, due to loss of eligibility, under Medicaid or a State Children's Health Insurance Program (SCHIP).
8. If the dependent child is dropped by SCHIP (State Children's Health Insurance Program).
9. If the employee, spouse or dependent become entitled to Medicare or Medicaid, the employee may elect to cancel the coverage on the employee, spouse or dependent.
10. If the plan receives a Qualified Medical Child Support Order (QMED) pertaining to an employee's dependent, an employer may elect to change the election without the consent of the employee.
11. If the plan sponsor significantly changes either the cost of coverage or the coverage itself during the year, participants may change their benefit election as a result.

12. If FMLA applies to the employer, it applies to the Flex plan. An employee requesting leave under FMLA may revoke his or her existing Flex plan. However, if the employer pays the employee's share of the contribution, the employee may not revoke coverage.
13. If an employee loses health coverage while on FMLA or protected leave the employee must make a required payment for the employer to reinstate the employee's coverage upon request. An employee on FMLA leave has the same rights as other employees to take advantage of the change in family status rule. During the FMLA period, payment of contributions must continue without regard to leave. FMLA requirements do not apply to non-health benefits such as life insurances or dependent care provided through the Flex plan. If the employee fails to make a scheduled payment, the employer may make the payment on the employee's behalf and recoup it after the employee returns from leave using the "catch-up" rules.
14. Substantial decrease in the medical providers available in the PPN, reduction of benefits for a specific type of medical conditions or treatment and/or similar reduction of loss of coverage.
15. If covered individual transitions from paid to a non-paid daycare service.
16. Cessation of required contributions.
17. Any other change of status allowed under the regulations of the Internal Revenue Service.
18. If an employee's hours of employment drop to under thirty (30) hours per week, regardless of whether the drop in hours results in a loss of eligibility under the group health plan, the employee may prospectively revoke the group health plan provided the revocation corresponds with enrollment of the employee and any dependents who were also covered in another plan that provides minimum essential coverage. The new coverage must be effective no later than the first day of the second month following the date coverage is revoked.
19. If a group health plan's plan year is non-calendar, an employee may revoke coverage mid-plan year to enroll in a marketplace plan during the market place open enrollment period. The effective date of the revocation must be 12/31 and the employee must show enrollment of himself/herself and any dropped dependents in a marketplace plan the following 1/1.

If one of the above circumstances does occur during the plan year, you have **thirty one (31) days** from the occurrence to change or revoke your elections. **The change in coverage must be consistent with the qualifying event (QE).** Plan Administrator has the right to request documentation of changes.

Benefits subject to COBRA Continuation of Coverage may include: medical, health reimbursement coverage in conjunction with the medical, dental, vision, prescription and/or the Flexible Spending benefits. FSA Accounts include Unreimbursed Healthcare Spending Accounts and Dependent Care Accounts.

Separation from Service

An employee who terminates employment and later returns to work cannot rejoin the FSA plan for the balance of the Plan Year.

Forfeiture of Benefits

You forfeit any amount of dependent care reimbursement benefits and unreimbursed healthcare spending account benefits if a claim for reimbursement is not provided to the Plan Administrator within ninety (90) days after the last day of participation in the Plan. Upon such forfeiture, your Dependent Care Reimbursement Account or Unreimbursed Healthcare Spending Account shall be reduced to zero (0). At the discretion of the Plan sponsor, forfeitures of benefits under the Plan may be reallocated to Participants in any reasonable manner. Forfeitures of benefits may also be applied toward the cost of administering the Plan. Forfeited benefits shall become the sole property of the Plan Sponsor.

In the event your employment terminates during the Plan Year, you have ninety (90) days after the last day of participation in the Plan to submit incurred expenses. All employee and dependent coverage will terminate on the **earliest** of the end of the month your employment terminates or the end of the month in which you cease to be an active, full-time Employee.

The Plan will make a qualified reservist distribution of any available funds in the Unreimbursed Healthcare Spending Account pursuant to the Heroes Earnings Assistance and Relief Tax of 2008 (26 U.S.C.A. 125(h)) upon written request of the qualified reservist.

No Transfer between Accounts

IRS rules do not allow any transfer of funds between dependent care accounts and unreimbursed healthcare spending accounts. Separate accounts must be mandated for medical expense reimbursement and dependent care reimbursement.

Reimbursements

Dependent care and any unreimbursed healthcare spending account expenses not submitted as a medical claim will be reimbursed by completing a claim form and attaching the appropriate documentation or by the adjudication of the recurring expense. Claims are processed and checks mailed weekly.

FSA Account Statements

Each time a flex check is sent to the enrollee it is accompanied with a statement indicating the account balance. A statement is also sent to the employee ninety (90) days prior to the end of the flexible benefit plan year indicating the spending account balance.

Active Duty Reservist

If the Plan Sponsor considers a call to active duty "**unpaid leave**" this will be a "qualifying event" to drop dependent coverage and the employee can reinstate the flexible spending plan when they return to work.

If the Plan Sponsor considers a call to active duty "**paid leave**" this will not be considered a "qualifying event" and the employee cannot change their flexible spending contributions. In other words, the employee's pay will be reduced by the same amount as it was before being called to active duty.

The Effect of the Plan on Other Benefits

Some of the benefits provided by the Plan Sponsor Plan (e.g., pension benefits, group life insurance benefits) are determined on the basis of your earnings. For the purpose of these benefits, the Plan provided by the Plan Sponsor, will be based on your earnings before any salary reduction contributions to the FSA Account plans are taken into account.

Under present law, your earnings for the purpose of determining your Social Security benefits and FICA taxes do not include salary reduction contributions under the Plan Sponsor Plan, including salary reduction contributions to these FSA Account plans. In almost all cases, the value of the FICA, Federal and state income tax savings to you will exceed the reduction in your eventual Social Security benefits.

Further information on this subject is available from the Plan Sponsor.

Claims Information

Payment of Paper Claims

In order to receive reimbursement for an eligible claim for dependent care or unreimbursed healthcare expenses, you must complete the form supplied to you by your employer. This form may require you to submit additional information pertaining to your claims, such as a signed statement from your physician for healthcare services received.

All payments for eligible claims will be reimbursed within ten (10) business days of receipt. If claims remain at the end of the Plan Year for which there are no remaining funds in your account to reimburse you, these claims will **not** be paid, carried over or charged against the balance in your account in any subsequent Plan Year. **You will not be reimbursed for these excess claims.**

- **All payments for claims will be made directly to you and not any provider of service.**

Payment of Debit Card Claims

In order to receive reimbursement for an eligible claim the card can only be used at merchants and service providers that have approved merchant category codes related to healthcare, such as physician, pharmacies, dentists, vision care offices, hospitals, and other merchant code providers.

Premium Conversion Plan

The Premium Conversion Plan allows you to pay for healthcare contributions, which you pay and are payroll deducted by your employer, on a pre-tax basis and reduce your taxable income. Examples are the contributions for dependent medical, dental or vision coverage. Also included are premiums for optional employee life, but not dependent life. It is like getting an instant tax refund every payday. In fact, many employees may even increase their take-home pay just by participating in this option.

Note: A maximum of $50,000 basic and/or optional life can be claimed on a pre-tax basis. Any group life insurance in excess of $50,000 is taxable and must be paid with after tax dollars. Employee salary reductions for the excess coverage are not taken into account when determining the amount to include in an employee's taxable income for the excess coverage.

Once enrolled, you may not change your election or pre-tax payroll deductions for the remainder of the Plan Year unless there is a IRS qualifying event.

Unreimbursed Healthcare Spending Account

The Unreimbursed Healthcare Spending Account reimburses an employee's pledge amount not to exceed the employer's unreimbursed healthcare spending amount limit to a standard maximum of $2,750 per plan year (January 2020 and thereafter).

This maximum amount for unreimbursed health has no effect on the dependent care flex benefit. The dependent care flex benefit will remain at $5,000 (or $2,500 in married and filing separately). If the employee at any time becomes covered under a Qualified High Deductible Health Plan ("HDHP"), as prescribed by Section 223 of the Internal Revenue Code) with an accompanying health savings account ("HSA") then the FSA will automatically convert from a general purpose FSA to a post-deductible FSA for any amounts incurred when the HDHP is in effect. This means that expenditure for non-preventive medical costs will not be paid until the deductible for the HDHP has been met, and then only to the extent that those costs exceed the deductible.

What Expenses are Eligible for Reimbursement?

Only medical expenses that are not covered by your medical insurance and that are allowable by the IRS may be reimbursed from your account. Expenses for your dependents are included as long as that person is a dependent as defined by the IRS.

Included is an alphabetical list of items that are encountered frequently by persons utilizing FSA Accounts. Some of these items may be reimbursed, and some may not; a brief note indicating which category the item falls into follows each item.

How to Get Reimbursed

Claiming your before-tax dollars to pay covered expenses is an easy process. In addition, the medical care must be provided during the Plan Year for which you have set up your account.

Your expenses will be reimbursed up to the amount you have pledged for the year in your Unreimbursed Healthcare Spending Account. The total yearly amount is available for reimbursement as soon as the Plan Year starts and the expense incurred.

Step 1

Paper Claim

When you have a covered medical expense, obtain a receipt showing the date of service and the service provided (you do not have to pay for the service before submitting it for reimbursement).

Before applying for reimbursement, submit any medical bills covered by insurance as you normally would to any insurance company that covers you or your dependents. IRS allowable expenses not reimbursable by insurance can then be submitted for reimbursement. If the service is covered under another insurance policy, submit a copy of the Explanation of Benefits from that insurance company along with a Flex Reimbursement Form for reimbursement (A copy of the form is included in this booklet).

If you are enrolled in both an Unreimbursed Healthcare Spending Account and a Health Savings Account, your Unreimbursed Healthcare Spending Account will not reimburse you for any allowable expenses applied toward satisfaction of your medical plan deductible. If you are enrolled in a Health Savings Account, expenses applied toward your medical plan deductible can be reimbursed only under your Health Savings Account. Except, if your medical plan deductible is more than the minimum deductible established by

federal law for a qualified high-deductible health plan, after you have satisfied the minimum deductible required under federal law, either your Unreimbursed Healthcare Spending Account or your Health Savings Account may be used to reimburse expenses applied to your deductible that exceed the federally-established minimum.

Debit Card Claims

Each participating employee certifies upon enrollment for each Plan Year thereafter that the card will only be used for eligible medical care expenses of the employee, the employee's spouse and dependents. The employee also certifies that any expense paid with the card has not been reimbursed and that the employee will not seek reimbursement under any other plan covering health benefits.

Substantiating Procedures for Debit Card Claims

The employer establishes the following procedures for substantiating claimed medical expenses after the card is used.

First, if the dollar amount of the transaction at a healthcare provider equals the dollar amount of the copayment for that service under the accident or health plan the charge is fully substantiated without the need for submission of receipt. This notice expands the copayment match substantiation method to include as automatic substantiations certain matches of multiple copayments in specific dollar amounts, and the dollar amount of the transaction at a healthcare provider (as identified by its merchant category code) equals an exact multiple of not more than five (5) times the dollar amount of the copayment for the specific service. Under this method, the merchant system must collect and download the inventory control of the purchase.

Second, the Administrator permits automatic reimbursement without further review of recurring expenses that match expenses previously approved as to amount, provider and time period.

Third, if the merchant, service-provider, or other independent third-party merchant at the time and point-of-sale provides information to verify the Administrator (including electronically by e-mail) that the charge is for a medical expense. The charge is fully substantiated without the need for submission of a receipt or further review.

All other charges to the card are treated as conditional pending confirmation of the charge by the submission of additional third-party information, such as receipt.

Step 2

Mail your completed reimbursement claim form and documentation to:
TML Health Benefits Pool | PO Box 140167 | Austin, Texas 78714-0167
Fax: (512) 719-6505 or (512) 719-6520

Step 3

You will receive an FSA account reimbursement check made out to you and mailed to your home address. Claims are paid within ten (10) working days from the date of receipt.

COBRA Continuation of Coverage (COC) Rights

Introduction

You're getting this notice because you have recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA Continuation of Coverage (COC), which is a temporary extension of coverage under the Plan. This notice explains COBRA Continuation of Coverage, when it may become available to you and your family and what you need to do to protect the right to receive it. When you become eligible for COBRA Continuation of Coverage, you may also become eligible for other coverage options that may cost less than COBRA Continuation of Coverage.

The right to COBRA Continuation of Coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA Continuation of Coverage can become available to you and other members of your family when your group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan booklet or contact TML Health Benefits Pool, 1821 Rutherford Lane, Suite 300, Austin, Texas 78754 or by telephone (800) 282-5385.

You may have other options available to you when you lose group health coverage

For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out of pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA Continuation of Coverage?

COBRA Continuation of Coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA Continuation of Coverage must be offered to each person who is a "qualified beneficiary." You, your spouse and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA Continuation of Coverage may be required to pay for coverage depending on the policy of your Employer.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of either one of the following qualifying events:

1. Your hours of employment are reduced; or
2. Your employment ends for any reason other than your gross misconduct.

If you're the spouse of the employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of any of the following qualifying events:

1. Your spouse dies;
2. Your spouse's hours of employment are reduced;
3. Your spouse's employment ends for any reason other than his or her gross misconduct;
4. Your spouse becomes entitled to Medicare benefits (under Part A, Part B and/or Part C); or
5. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of any of the following qualifying events:

1. The parent-employee dies;
2. The parent-employee's hours of employment are reduced;
3. The parent-employee's employment ends for any reason other than his or her gross misconduct;
4. The parent-employee becomes entitled to Medicare benefits (Part A, Part B and/or Part C);
5. The parents become divorced or legally separated; or
6. The child stops being eligible for coverage under the Plan as a "dependent child."

Any decision of whether an Employee was terminated because of gross misconduct will be made by the Employer. The Employer may not change its decision on whether or not a termination was for gross misconduct later than the forty-fifth (45th) day after the date employment terminated or the date a COBRA Continuation of Coverage election notice was mailed to the employee, whichever is earlier. Any determination of gross misconduct shall be based on events that occurred prior to the termination of employment.

Sometimes, filing a proceeding in bankruptcy under Title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Employer, and that bankruptcy results in the loss of coverage for any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

Please note that COBRA Continuation of Coverage does not include any life benefits. If you had voluntary life coverage, you may convert it to an individual policy within thirty-one (31) days of your qualifying event. Contact your Employer's human resources office for more information and conversion forms.

When is COBRA Continuation of Coverage available?

The Plan will offer COBRA Continuation of Coverage to qualified beneficiaries only after TML Health Benefits Pool has been notified that a qualifying event has occurred. The Employer must notify TML Health Benefits Pool of the following qualifying events:

1. The end of employment or reduction of hours of employment;
2. Death of the employee;
3. Commencement of a proceeding in bankruptcy with respect to the Employer; or
4. The employee's becoming entitled to Medicare benefits (under Part A, Part B and/or Part C).

You must give notice of some Qualifying Events

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify TML Health Benefits Pool within sixty (60) days after the qualifying event occurs. You must provide notice to: TML Health Benefits Pool, 1821 Rutherford Lane, Suite 300, Austin, Texas 78754 or by telephone (800) 282-5385.

How is COBRA Continuation of Coverage provided?

Once TML Health Benefits Pool receives notice that a qualifying event has occurred, COBRA Continuation of Coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA Continuation of Coverage. Covered employees may elect COBRA Continuation of Coverage on behalf of their spouses, and parents may elect COBRA Continuation of Coverage on behalf of their children.

COBRA Continuation of Coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (Part A, Part B and/or Part C), your divorce or legal separation or a dependent child's losing eligibility as a dependent child, COBRA Continuation of Coverage lasts for up to a total of thirty-six (36) months. When the qualifying event is the end of the employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than eighteen (18) months before the qualifying event, COBRA Continuation of Coverage for qualified beneficiaries other than the employee lasts until thirty-six (36) months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare eight (8) months before the date on which his employment terminates, COBRA Continuation of Coverage for his spouse and children can last up to thirty-six (36) months after the date of Medicare entitlement, which is equal to twenty-eight (28) months after the date of the qualifying event (thirty-six (36) months minus eight (8) months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA Continuation of Coverage generally lasts for only up to a total of eighteen (18) months. There are three (3) ways in which this eighteen (18) month period of COBRA Continuation of Coverage can be extended.

Active Duty Reservists extension of COBRA Continuation of Coverage

If covered by the Plan as an employee at the time of call to active duty, active duty reservists or guard members and their covered dependents can maintain eligibility on the Plan for up to twenty-four (24) months as prescribed by and subject to the terms and conditions of the Uniformed Services Employment and Reemployment Rights Act (USERRA). The date on which the person's absence begins is the qualifying event for COBRA Continuation of Coverage (COC) to be offered to the reservist or guard member.

If a fire fighter or police officer is called to active duty for any period, the Employer must continue to maintain any health, dental, or life coverage received on the date the fire fighter or police officer was called to active military duty until the Employer receives written instructions from the fire fighter or police officer to change or discontinue the coverage. Such instruction shall be provided no later than sixty (60) days following the Qualifying Event. If no such instruction is given, then coverage will terminate on the sixty-first (61st) day, which shall then become the Qualifying Event for COBRA Continuation of Coverage purposes. Eligibility will meet or exceed requirements of USERRA and/or regulatory compliance.

In administering this coverage, TML Health Benefits Pool will follow the time guidelines of COBRA Continuation of Coverage under 42 U.S.C.A.300bb-1 *et seq*. To qualify for this coverage, the employee must give written notice to the Employer within sixty (60) days of the qualifying event. The Employer member must notify TML Health Benefits Pool that an employee has been called to active duty and submit a copy of the Employer member's active reservist policy to TML Health Benefits Pool.

Disability extension of COBRA Continuation of Coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify TML Health Benefits Pool within sixty (60) days of that determination, you and your entire family may be entitled to receive up to an additional eleven (11) months of COBRA Continuation of Coverage for a total maximum of twenty-nine (29) months. The disability must start at some time before the sixtieth (60th) day of COBRA Continuation of Coverage and must last at least until the end of the eighteen (18) or twenty-four (24) month period of COBRA Continuation of Coverage. You may contact TML Health Benefits Pool about a disability determination at 1821 Rutherford Lane, Suite #300, Austin, Texas 78754 or by telephone (800) 282-5385.

Second Qualifying Event extension of COBRA Continuation of Coverage

If your family experiences another qualifying event while receiving eighteen (18) or twenty-four (24) months of COBRA Continuation of Coverage, the spouse and dependent children in your family can get up to eighteen (18) additional months of COBRA Continuation of Coverage, for a maximum of thirty-six (36) months, if TML Health Benefits Pool is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA Continuation of Coverage if the employee or former employee dies, becomes entitled to Medicare benefits (Part A, Part B and/or Part C) gets divorced or legally separated, or if the dependent child stops being eligible under the Plan as a dependent child. This extension is available only if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation of Coverage?

Yes. Instead of enrolling in COBRA Continuation of Coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA Continuation of Coverage. You can learn more about many of these options at http://www.healthcare.gov.

Adding Dependents

If you are a COBRA Continuation of Coverage participant, you have the same rights to add dependents to your COBRA Continuation of Coverage as an active covered employee. For example, you may add dependents to your COBRA Continuation of Coverage within thirty-one (31) days of marriage or sixty (60) days of the birth, adoption or placement for adoption of a child. Also, you may add dependents to your COBRA Continuation of Coverage during your Employer's Open Enrollment. However, these dependents who were not covered under the Plan before your qualifying event occurred are not qualified beneficiaries and do not have individual COBRA Continuation of Coverage rights, except for children added within sixty (60) days of birth, adoption or placement for adoption. Children added to your COBRA Continuation of Coverage within sixty (60) days of birth, adoption or placement for adoption are qualified beneficiaries and have their own COBRA Continuation of Coverage rights.

If you have questions

Questions concerning your Plan or your COBRA Continuation of Coverage rights should be addressed to the contact or contacts identified below. Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep TML Health Benefits Pool informed of any changes in addresses of family members. You should also keep a copy, for your records, of any notices you send to your Employer and TML Health Benefits Pool.

Protecting Your Health Information

A Federal law called Health Insurance Portability and Accountability Act of 1996 (HIPAA), requires the Plan Sponsor of an Unreimbursed Healthcare Spending Account to protect the privacy and security of you and your dependent's health information. The Plan Sponsor and the Plan Administrator take their responsibilities to protect your health information seriously. The Plan Administrator will use and disclose individually identifiable health information only when needed to pay claims submitted for reimbursement under the Unreimbursed Healthcare Spending Account, when needed to administer the Unreimbursed Healthcare Spending Account or when required by law. HIPAA prohibits the Plan Sponsor from using or disclosing any health information from the Unreimbursed Healthcare Spending Account for employment-related actions and decisions, or for the administration of any other employee benefit plan of the Plan Sponsor.

The Plan Sponsor has administrative, physical and technical safeguards in place to protect the privacy of health information. The Plan Sponsor will notify you regarding privacy breaches per Health and Human Services requirements.

In addition to restrictions on how the Plan Sponsor and Plan Administrator may use and disclose individually identifiable health information, HIPAA gives you and your covered dependents certain rights. These rights include the right to access your health information, to amend (or correct) your health information and to receive an accounting of certain disclosures of your health information.

The Plan Sponsor is required to maintain a notice of its privacy practices that explains fully how the Plan Sponsor and its business associates, including the Plan Administrator, may use and disclose your health information and your rights under the Privacy Rule. If you have not received a copy of the Plan Sponsor's notice of privacy practices for your Unreimbursed Healthcare Spending Account, contact the Plan Sponsor.

Dependent Care Reimbursement Account

You may set aside money in your Dependent Care Reimbursement Account to pay childcare expenses up to a maximum of $5,000 or $2,500 per year for married employees who file separate tax returns. Maximum benefits notwithstanding any other provision of this Plan, no Participant shall receive Dependent Care Reimbursement Benefits in excess of $5,000 (or $2,500 in the case of a married Participant filing a separate Federal income tax return) in a calendar year. An eligible expense must enable the employee (and spouse, if married) to be gainfully employed or to look for gainful employment. Special limitations to this account include the following:

- If you are married, your spouse must be employed in a paying job, a full-time student for five (5) months in the year, or disabled.
- The maximum age for eligible children is through age twelve (12). Other dependents (such as children age thirteen (13) and over, parents or spouse) can receive care if they are disabled or cannot otherwise care for themselves because of physical or mental impairments.
- Tuition for private school is not an eligible expense; only Pre-Kindergarten tuition expenses incurred for a day care type facility will be accepted.
- The child or other dependent receiving the care must live in your home and must be claimed as a dependent on your Federal Income Tax Return.
- You must pay a "qualified person" to care for your eligible dependents at your home, at a licensed day care center, at a day camp, or at another location (except overnight camps). A "qualified person"

providing dependent care does not include any of your children under age nineteen (19) or any other person whom you claim as a dependent.

- You must file a Form 2441 with the IRS, including the name, address and taxpayer identification number of the person or organization, providing the dependent care services.

Money from this account will pay your eligible childcare expenses tax-free. Of course, you may be able to claim tax credit for child and dependent care costs. The credit can be claimed when you file your income tax return. For more information about the tax credit, refer to IRS publication 503 – *Child and Dependent Care Expenses.* The tax credit can be claimed for any expenses not paid through your Dependent Care Reimbursement Account, but you cannot use the tax credit *and* the Dependent Care Reimbursement Account for the *same* expenses.

Why You Should Budget Carefully

It is important that you budget carefully when taking advantage of the Dependent Care Reimbursement Account. The same tax law that permits this benefit also specifies that any money that is left in your account at the end of the plan year must be forfeited. Your account balance cannot be transferred to your Unreimbursed Healthcare Spending Account or carried forward to the next year. However, you will have ninety (90) days after the end of the plan year to claim dependent care expenses incurred in the *previous* plan year before any unused balance is forfeited.

Even if you should over budget and have some money remaining unused in your account, you may still benefit due to the amount of your tax savings.

Once Enrolled, You May Not Change Your Election for the remainder of the Plan Year unless a qualifying event occurs.

How to Get Reimbursed

Claiming your before-tax dollars to pay covered childcare expenses is an easy process. In addition, the childcare must be provided *during* the plan year for which you have set up your account. The recurring expense form may be used for an automated dependent care reimbursement.

Your expenses will be reimbursed up to the amount in your Dependent Care Reimbursement Account. You will be reimbursed for the remainder of your expenses as money is deposited into your account on the first of each month.

Step 1

When you have a covered childcare expense, obtain a bill or receipt once dependent care has been incurred. This is your documentation for the expense. This documentation must include the name of the child/children the care was provided for along with the date the care was provided and the amount charged. If a bill or receipt is not available, your childcare provider can document your expense using the Statement of Certification provided at the bottom of the dependent care reimbursement form or the covered participant may execute a recurring expense form which requires the childcare provider's signature.

Step 2

Fill out the dependent care reimbursement claim form and if appropriate, a recurring expense form. (A copy of the form is included in this booklet.) Be sure to attach proper documentation for the expense to the form. Documentation includes one of the following:

- Bill
- Receipt
- Statement of Certification

Step 3

Mail your completed reimbursement claim form and documentation to:

TML Health Benefits Pool | PO Box 140167 | Austin, Texas 78714-0167

Fax: 512-719-6505

Step 4

The covered participant will receive an FSA Account reimbursement check made out to the covered participant and mailed to the home address.

Claims are paid within ten (10) working days from the day of receipt.

A cafeteria plan may include a "spend-down" provision allowing employees who ceased participation (e.g., because of termination of employment) to be reimbursed for eligible dependent care expenses from the dependent care account through the end of the plan year.

Typical Eligible Medical or Medical-Related Expenses

The following, while not intended to be complete, illustrates medical or medical-related expenses, which may be eligible as part of the Flexible Benefits plan under Internal Revenue Service (IRS) Code Section 213 rules. The list originates from a database of more than 55,000 health and beauty aid items that is continually updated with new product introductions and discontinuations. For complete details, please refer to IRS http://www.irs.gov publication 502 – *Medical and Dental Expense*.

Eligibility Status Definitions

Eligible products include over the counter products that are for medical care and are primarily for medical purposes. They include medicines or products that diagnose, alleviate or treat existing or imminent injuries, illnesses or medical conditions. These drugs and products are not cosmetic in nature, or merely beneficial to general health or used for personal hygiene. As a general rule, most of these products are of short-term use but some do treat chronic medical conditions. Qualified medical expenses include those expenses compliant with federal tax deductions under Section 213(d) as outlined by the Internal Revenue Service.

Not Included as Eligible Products for Approval Dual-Purpose

Some products are considered dual-purpose. These products may have both a medical purpose and a personal/cosmetic or general health purpose. In order to be considered eligible, they must be used to treat a medical condition and cannot be used to improve or maintain general health unless prescribed by a physician to treat a specific illness, condition, or injury. These products may be eligible for reimbursement, but require a letter of medical necessity from a licensed healthcare professional stating the specific diagnosis or medical condition, the specific over the counter medicine recommendation to treat the condition and documentation of the product and cost.

Eligible Over the Counter (OTC)

Eligible products include OTC products that are for medical care and are primarily for a medical purpose. They include products (other than OTC medicines or drugs) that diagnose, alleviate or treat existing or imminent injuries, illnesses or medical conditions. As a general rule, most of these products are of short-term use but some do treat chronic medical conditions. Qualified medical expenses include those over-the-counter items compliant with federal tax rules under IRS Code Section213(d) as outline by the Internal Revenue Service. In these cases, the expense would not have been paid "but for" the disease or illness. An expense is not deductible as medical care if the taxpayer would have paid the expense even in absence of a medical condition. The user does not need to provide a statement from a medical provider or indicate a diagnosis in order to receive reimbursement. Taxes, shipping and surcharge/convenience fees (as permitted by law and card brand/network regulations) directly associated with the purchase of an eligible product can be included.

Prescribed Drugs and Medicines, including Prescribed Over the Counter (OTC)

Drugs and medicines prescribed by a licensed medical professional and dispensed in accordance with state laws including the generation of a Prescription Number are considered Eligible by the IRS. This includes OTC Drugs and medicines other than dual-purpose. Since the prescription serves as the determination of medical eligibility in a merchant location with a properly configured Pharmacy and IIAS POS system, no additional checks are required. These items will not be listed on the Eligible Products list due to their separate processing rules.

Dual-Purpose

Some products are considered dual-purpose. These products may have both a medical purpose and a personal hygiene, cosmetic or general health purpose. In order to be considered eligible, they must be used to treat a medical condition and cannot be used to improve or maintain general health unless prescribed by a physician to treat a specific illness, condition, or injury. These products may be eligible for reimbursement, but require a letter of medical necessity from a licensed healthcare professional stating the specific diagnosis or medical condition, the specific OTC medicine recommendation to treat the condition, and documentation of the product and cost. Dual-purpose items will not be included in the SIGIS List.

Ineligible

Certain products that merely benefit general health or are for cosmetic/personal hygiene are not reimbursable. Typically, these are not referred to as medicines or drugs and are not recognized to treat a medical condition. Medical expenses that are not reimbursable under Section 213(d) of the federal tax code are ineligible. These include food supplements, toiletries, lotions and soaps, shampoos, vitamins and most herbal supplements.

- provides remedial language training to correct a condition caused by a birth defect.

The cost of meals, lodging and ordinary education supplied by a special school is reimbursable only if the main reason for using the school is its resources for treating the mental or physical disability. The cost of sending a non-disabled "problem child" to a special school for benefits the child may get from the course of study and disciplinary methods is not reimbursable.

Scientology "audits" – Amounts paid to the Church of Scientology for "audits" do not qualify as expenses for medical care.

Service animals – Yes, if animal is primarily for medical care to alleviate a mental defect or illness and would not have been paid but for the defect or illness.

The cost of nonprescription drugs such as nicotine patches or gum should be reimbursable when purchased to quit smoking.

Spa or resort – Although a visit to a spa or resort may be prescribed by a physician for medical treatment, only the costs of the medical services provided are reimbursable, not the cost of transportation. *See **Transportation** and **Trips**.*

Special education – Medical expense fees that you pay on a doctor's recommendation for a child's tutoring by a teacher who is specially trained and qualified to work with children who have learning disabilities caused by mental or physical impairments, including nervous system disorders. You can include as a medical expenses (tuition, meals and lodging) of attending a school that furnished special education to help a child to overcome a learning disability. A doctor must recommend that the child attend the school. Overcoming the learning disabilities must be a principle reason for attending the school and any ordinary education received must be incidental to the special education provided. Special education includes: teaching Braille to a visually impaired person, teaching lip reading to a hearing-impaired person or giving remedial language training to correct a condition caused by a birth defect. You cannot include in medical expenses the cost of sending a problem child to a school where the course of study and the disciplinary methods have a beneficial effect on the child's attitude if the availability of medical care in the school is not a principle reason for sending the student there.

Special foods – The cost of special foods and/or beverages-even if prescribed- that substitute for other foods or beverages that a person would normally consume and that satisfy nutritional requirements (such as the consumption of bananas for potassium, for example) are not deductible. However, prescribed special foods or beverages are reimbursable if they are consumed primarily to alleviate or treat an illness or disease, that are substantiated by a physician and they are not part of normal nutritional fees. Special foods purchased as part of a weight loss program are not reimbursable expenses because, according to the IRS, reduced-calorie foods are substitutes for the food individuals would normally eat. Special foods and beverages are reimbursable only to the extent that their cost is greater than the cost of the commonly available version of the same product. In December 2001 letter ruling, the IRS set four standards for determining whether cayenne pepper qualifies under Code Section 213. There may be circumstances, however, when special foods do get favorable tax treatment. The IRS allows the cost of special food to be treated for tax purposes as medical care.

To qualify, the special food must:

- alleviate or treat an illness;
- not be part of the normal nutritional needs of the individual; and
- be substantiated by a physician that is needed as part of treatment.

Spouse medical expenses – These may be reimbursable if the spouse does not file a separate tax return.

Sunglasses – Prescription sunglasses are reimbursable. Non-prescription sunglasses may be reimbursable if they meet the Section 213 definition of medical care, for example, if an optometrist recommends them for a patient with contact lenses that correct a retinal condition causing sensitivity to light.

- transportation and registration fees (but not meals or lodging expenses) incurred to attend a medical conference on a chronic disease of the employee or a dependent.

Instead of actual expenses, it is acceptable to use a flat rate of $0.23 per mile for each mile a car is used for medical purposes in 2012. The cost of tolls and parking may be added to this amount.
Reimbursable expenses do not include:

- transportation expenses to and from work, even if a medical condition requires an unusual means of transportation; or

Vitamins – Only expenses for vitamins prescribed by a physician that are prescription strength to treat a specific medical condition are reimbursable. Dietary supplements, such as vitamins, cosmetics and other products used to maintain general good health are not reimbursable.

Wage continuation policies – Premiums paid under wage continuation policies are not reimbursable because they could provide benefits that would be received in a subsequent plan year, resulting in prohibited deferred compensation.

Wart removers – Cryo Products – Compound W Freeze Off, Dr. Scholl's Freeze Away, Wartner

However, the cost of a weight loss program may be reimbursable in two (2) instances. First, if attendance at a weight loss program is prescribed by a physician to treat a specific illness (e.g., heart disease), the expense is reimbursable. The physician should substantiate the necessity of this treatment. Second, obesity is now medically recognized by the IRS as a disease in its own right, and weight loss programs to treat obesity are reimbursable expenses. Apparently, weight loss programs to treat obesity do not have to be prescribed by a physician, but obesity must be diagnosed. *Also see* ***Special foods****.* A medical expense for weight loss can be reimbursed if the treatment is for a specific disease diagnosed by a physician. Definitions

Dependent

A Participant's Spouse or an individual who is a dependent within the meaning of Section 152(a) of the Internal Revenue Code of a Participant or a former Participant in the Plan.

1. a child (including adopted children and eligible foster children) or a descendant of a child up to the attained age of twenty-seven (27);
2. a brother, sister, stepbrother, or stepsister;
3. the father or mother, or an ancestor of either;
4. a stepfather or stepmother;
5. a son or daughter of a brother or sister of the plan participant;
6. a brother or sister of the father or mother of the plan participant;
7. a son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law; or
8. an individual, who is not the plan participant's spouse, who lives with the plan participant and is a member of the plan participant's household.

A relative described above is a qualifying relative only if he or she receives more than one-half of his or her support from the plan participant. Special rules apply in cases of multiple support agreements, in which no one person contributes over one-half of the individual's support. The individual also must have gross income less that the exemption amount (see current IRS Form 1040), not including certain income earned by disabled individuals.

A Dependent for whom expenses can be reimbursed from the Dependent Care Account must meet the following criteria:

1. Can be claimed as a dependent for Federal income tax purposes; and
2. Is under the age of thirteen (13); or
3. If over the age of thirteen (13), requires full time care because of physical or mental incapacity; or
4. Is the spouse of the employee and is physically or mentally incapable of caring for himself or herself.

If the covered participant is divorced, the covered participant can generally have your child's dependent care expenses reimbursed if you are the custodial parent, i.e., if you have custody of the child for a longer period of time during the Plan Year than the other parent. However, the following exceptions would override the custodial parent rule and permit you, as a non-custodial parent, to have your child's dependent care expenses eligible for the reimbursement account:

1. The custodial parent formally releases claim to the Federal income tax dependent exemption for the tax year;
2. You provide over half of the support of the child under a multiple support agreement; or

3. You are entitled to the dependent exemption for Federal income tax as a result of an agreement executed prior to 1985.

Payments made directly to a child or any other person that you can claim as a dependent cannot be reimbursed by this Plan.

Employee

An individual employed by the Plan Sponsor who regularly works at least twenty (20) hours per week, and at least five (5) months per year, except for:

1. Employees covered by a collective bargaining agreement;
2. Employees who are non-resident aliens who receive no earned income from the Employer which constitutes income from sources within the United States;
3. Employees who are self-employed individuals as defined in Section 401(c) of the Internal Revenue Code (including sole proprietors and partners in a partnership); and
4. Employees who own (or are considered to own within the meaning of Section 318 of the Internal Revenue Code) more than two (2) percent of the outstanding stock of an S corporation or stock possessing more than two (2) percent of the total combined voting power of all stock of such corporation.

Participant

Any Employee who has met the eligibility requirements of the Plan and has elected to participate in the Plan by providing the Plan Sponsor with an executed Benefits Enrollment Form.

Plan Year

The twelve (12) consecutive month period beginning the first (1st) day of the plan year.

Salary Reduction Agreement

The agreement by an Employee authorizing the Plan Sponsor to reduce the Employee's compensation while a Participant during the Plan Year for purposes of making contributions toward benefits under the Plan.

Spouse

An individual who is legally married to a Participant but shall not include an individual separated from a Participant under a decree of legal separation.

Qualifying Event

An event as prescribed by IRS Rule 1.125-4.

1. With regards to the election to participate in the Plan and election for benefits other than Accident, Health and Group Term Life, Qualifying Event shall include a change in status such as the marriage or divorce of the Participant; the adoption, placement for adoption, birth or death of a child or other Dependent of the Participant or the Participant's Spouse; the emancipation or coming of age of a child of the Participant so that the child is no longer eligible as a Dependent under change in status in the opinion of the Plan Sponsor.
2. With regards to elections for accident, Health or Group Term Life benefits, Qualifying Event shall

include events that change an eligible Employee's legal marital status, number of dependents, the eligible Employee's, Spouse's or dependent's employment status, work schedule, residence or work site, an event that causes an eligible Employee's Dependent to satisfy or cease to satisfy the requirements for coverage, and such other events as provided in code or regulation.

Capital Expenses

Medical expenses incurred by employees for special equipment installed in the home or for improvements are reimbursable under an FSA account (subject to the discussion below) if their main purpose is medical care. Under Internal Revenue Code Section 213, the cost of permanent improvements that increase the value of the property may be partly deducted as a medical expense. The cost of the improvement is reduced by the increase in the value of the property; the difference is a deductible medical expense. If the value of the property is not increased by the improvement, the entire cost is deductible as a medical expense.

Improvements made to accommodate a residence to a person's disability do not usually increase the value of the residence, and the full cost is usually reimbursable. These improvements include, but are notlimited to:

- constructing entrance or exit ramps;
- widening doorways at entrances or exits;
- widening or otherwise modifying hallways and interior doorways;
- installing railing, support bars or other modifications to bathrooms;
- lowering or making other modifications to kitchen cabinets and equipment;
- moving or otherwise modifying electrical outlets and fixtures;
- installing porch lifts and other forms of lifts (but generally not elevators);
- modifying fire alarms, smoke detectors and other warning systems;
- modifying stairways;
- adding handrails or grab bars;
- modifying hardware on doors;
- modifying areas in front entrance and exit doorways; and
- re-grading the ground to provide access to the residence.

Only reasonable costs to accommodate a personal residence to a disabled condition are considered medical care. Additional costs for personal motives, such as for architectural or aesthetic reasons, are not reimbursable.

Operation and Maintenance

If a capital expense qualifies as a reimbursable medical expense, then expenses related to operation and maintenance also qualify as medical expenses, as long as the medical reason for the capital expense still exists. This is so even if none or part of the original capital expense qualified as a medical care expense.

Improvements to Property Rented by a Person with Disabilities

Amounts paid by a person with disabilities to buy and install special plumbing fixtures, mainly for medical reasons, in a rented house are reimbursable medical expenses. For example, Don has arthritis and a heart condition. He cannot climb stairs or get into a bathtub. On his doctor's advice, he installs a bathroom with a shower stall on the first floor of his two-story rented house. Don's landlord did not pay any of the costof buying and installing the special plumbing and did not lower the rent. Don can deduct the entire amount he paid.

It is important that you budget carefully when taking advantage of the Medical Expense Reimbursement Account. The same tax law that permits this benefit also specifies that any money that is left in your account

at the end of the plan year must be forfeited. Your account balance cannot be transferred to your Child Care Reimbursement Account or carried forward to the next year.

All employee and dependent coverage will terminate on the **earliest** of the end of the month your employment terminates or the end of the month in which you cease to be an active, full-time Employee.

If your employment terminates or you lose coverage before the end of the plan year, you have ninety (90) days from the end of the plan year to claim medical expenses incurred prior to your date of termination. *If your coverage is still effective on the last day of the plan year, you have ninety (90) days from the end of the plan year to claim medical expenses incurred during the plan year.*

Even if you should over budget and have some money remaining unused in your account, you may still benefit due to the amount of your tax savings.

Money from your Unreimbursed Healthcare Spending Account will pay your medical expenses with before tax dollars. Any expenses paid from this account may not be claimed again as a deduction on your income tax return.

Capital Expenses Worksheet

The following worksheet may be used to figure the amount of a reimbursable capital expense.

1. Enter the cost improvements. $_______
2. Enter the value of the home immediately after improvements $_______
3. Enter the value of your home immediately before the improvements $_______
4. Subtract line 3 from line 2. This is the increase in the value of your home due to improvements $_______
   (If line 4 is more than or equal to line 1, you have no medical expenses due to the home improvements; stop here)
   (If line 4 is less than line 1, go to line 5)
5. Subtract line 4 from line 1. These are your medical expenses due to home improvements. $_______

Flexible Spending Arrangement – Carry-Over Service Addendum

The City of Manor has authorized the Flexible Spending Arrangement ("FSA") – Carry Over Addendum. The operation of the FSA – Carry-Over Addendum will continue on the same terms and conditions as the HRA with the following employer decisions regarding the FSA account.

FSA participants may carryover a designated balance ("designated carryover") to the next Plan Year of $ 250.00 leftover in the unreimbursed health FSAs only

(Unreimbursed Healthcare Carryover not in excess of $500)

at year's end on qualified health expenses, pursuant to IRS Notice 2013-71. Expenses for health FSA qualified benefits incurred during the current plan year may be paid or reimbursed from benefits or contributions remaining unused at the end of the immediately preceding plan year, not to exceed the designated carryover. Upon exhaustion of that benefit, monies can be accessed from current year contributions. The plan cannot permit cash-out or conversion of unused benefits or contributions, to any other taxable or nontaxable benefit. If the employee at any time becomes covered under a Qualified High Deductible Health Plan ("HDHP"), as prescribed by Section 223 of the Internal Revenue Code) with an accompanying health savings account ("HSA") then the FSA will automatically convert from a general purpose FSA to a post-deductible FSA for any amounts incurred when the HDHP is in effect.

This means that expenses for non-preventive medical costs will not be paid until the deductible for the HDHP has been met, and then only to the extent that those costs exceed the deductible.
