DAW1&2 Plan: If a brand name drug is dispensed and a generic alternate drug exists, the Covered Individual pays the difference between the brand name and generic price in addition to the appropriate copayment for the brand name. The cost difference between the brand name and generic price does not apply to any individual deductibles or out of pocket amounts. The differential applies to all prescriptions purchased through this program when a generic alternate is available.

NonDAW Plan: If a brand name drug is dispensed and a generic alternate drug exists, the Covered Individual pays the appropriate brand copay.
