

## CITY OF MARSHALL AGENDA ITEM REPORT

<b>Meeting Date:</b>	Tuesday, March 23, 2021
<b>Category:</b>	AWARD OF BIDS
<b>Type:</b>	ACTION
<b>Subject:</b>	Consider Award of Proposal for Wastewater Biosolids Storage Tanks Resealing Project.
<b>Background Information:</b>	<p>The Wastewater Department has \$125,000 included in the 2021 CIP for resealing one Biosolids Storage Tank at the Wastewater Treatment Facility (WWTF). There are two of these tanks that need resealing along with new cathodic anode protection replacement. The intent was to seal one tank in 2021, and one tank in 2022. After receiving quotes, it has been determined that we can seal both tanks for \$156,400 in 2021.</p> <p>The Wastewater Department requested quotes from two contractors that specialize in this work. The Northern Steel Tank of Mounds View, Minnesota, quote was \$63,040.00 less expensive for both tanks. City staff proposes sealing both tanks in 2021. This would eliminate the need for \$125,000 expense in the capital budget for 2022.</p> <p>This is specialized work, but we have received two quotes to comply with the City Purchasing Policy. We believe it is advantageous to get both tanks done with one contract, and one contractor mobilization. We have verified with the Finance Department that the fiscal impact to the WWTF Fund would not be negatively affected by the two-year budgeting adjustments.</p>
<b>Fiscal Impact:</b>	The 2021 WWTF budget has \$125,000 included for this project along with a 2022 proposed budget of \$125,000 for the second tank. This would eliminate the need for the 2022 proposed budgeted amount. Finance Department verified there will be no long-term impact on the WWTF operating budget by extending the 2021 budgeted amount and deleting the need for the 2022 capital expense.
<b>Alternative/ Variations:</b>	No alternative actions recommended.
<b>Recommendation:</b>	that the Council approve acceptance of the quote from Northern Steel Tanks of Mounds View, Minnesota, in the amount of \$156,400.00 for the resealing of two Biosolids Storage tanks in 2021.
