

CITY OF MARSHALL AGENDA ITEM REPORT

Presenter:	Pamela Whitmore/Steven Anderson
Meeting Date:	Tuesday, August 12, 2025
Category:	CONSENT AGENDA
Type:	ACTION
Subject:	Introducing an Ordinance Amending Chapter 22 Article VIII Licensing and Registration Requirements for the Sale of Intoxicating Cannabinoid Products
Background Information:	<p>The Office of Cannabis Management has changed their process for licensing and will not issue a final license until after all local zoning confirmation, inspection and registration have occurred. Our current ordinance will only allow registration to be allotted after an active license has been issued by OCM. As it stands currently, the City of Marshall would be unable to issue registration because OCM will not issue an active license without registration from the local municipality first.</p> <p>During the last legislative session state law was changed to allow local municipalities to issue registration to applicants who are in preliminary approval status or a qualified applicant from OCM. Because of this staff are recommending the registration ordinance be amended to be in line with new law changes, tribal compacts and meet existing and foreseeable needs related to local registrations.</p>
Fiscal Impact:	
Alternative/ Variations:	
Recommendations:	To introduce the amendments to Chapter 22 Article VIII Licensing and Registration Requirements for the Sale of Intoxicating Cannabinoid Products.
