

## CITY OF MARSHALL AGENDA ITEM REPORT

<b>Presenter:</b>	Steven Anderson
<b>Meeting Date:</b>	Wednesday, August 6, 2025
<b>Category:</b>	NEW BUSINESS
<b>Type:</b>	ACTION
<b>Subject:</b>	Cannabis Amendments
<b>Background Information:</b>	<p>The Office of Cannabis Management has changed their process for licensing and will not issue a final license until after all local zoning confirmation, inspection and registration have occurred. Our current ordinance will only allow us to issue a registration after an active license has been issued by OCM. As it stands currently, the City of Marshall would never be able to issue a registration because OCM will never issue an active license without registration from the local municipality.</p> <p>During the last legislative session state law was changed to allow local municipalities to issue a registration to applicants who are preliminary approval status from OCM. Because of this staff are recommending the registration ordinance be amended to be in line with new law changes.</p>
<b>Fiscal Impact:</b>	
<b>Alternative/ Variations:</b>	
<b>Recommendations:</b>	To recommend that the amendments to Chapter 22 Section 223 go to full council for consideration.
