

April 9th, 2019

Carr Family LTD. Partnership and 405 Country Club Drive LLC have made the decision to formally withdraw the request for conditional use permit from the City Council agenda tonight. Steve Trachtenberg, the prospective purchaser of the former County Fair property said "I want to be where I am welcomed, and wanted. I want to locate my company in a community where my personal and corporate values of growth and community contributions are appreciated, and that are aligned with the citizens and city's values."

A handwritten signature in black ink, appearing to read "Steve Trachtenberg". The signature is written in a cursive, flowing style with a large initial 'S'.
