

## CITY OF MARSHALL AGENDA ITEM REPORT

<b>Meeting Date:</b>	Tuesday, March 9, 2021
<b>Category:</b>	CONSENT AGENDA
<b>Type:</b>	ACTION
<b>Subject:</b>	Project Z80: TH23 / Independence Park Sewer Realignment Project - Consider Approval of Plans and Specifications and Order Advertisement for Bids.
<b>Background Information:</b>	<p>The project consists of sanitary and storm sewer improvements along the Runnings Pond and extending into Nwakama Street. Currently, the sanitary and storm sewer at the south pond in Independence Park is in poor condition. This project would re-route the sanitary sewer main to connect to the existing sewer main under Nwakama Street. The project would also include replacement of the outlet of the Runnings Pond and reconnect to the existing storm sewer.</p> <p>This memo is intended to introduce the project and authorize staff to advertise for bids. Staff is suggesting an April 6, 2021 bid opening date and staff will bring an award recommendation to Council at the April 13, 2021 meeting.</p>
<b>Fiscal Impact:</b>	The engineer's estimate for the construction portion of the project is \$152,420. The total estimated project cost, including 10% allowance for contingencies and 16% for engineering and administrative costs is \$194,488. This project is identified in the 2021 CIP.
<b>Alternative/ Variations:</b>	No alternative actions recommended.
<b>Recommendation:</b>	that the Council approve the plans and specifications and authorize advertisement for bids for Project Z80: TH23 / Independence Park Sewer Realignment Project.
