The project is anticipated to commence and be completed late Summer/early Fall 2025.</p> <p>The contractor will access the “Dig Area” from the north off Maple Street.</p> <p>Property owners have been notified any items or personal property in the “Dig Area” or “Contractor Access Through Easement” area will need to be removed or relocated at the owner’s expense (i.e., fences, fire pits, etc.) prior to commencement of the project.</p>
