

ORDINANCE NO. _____

**CITY OF MARSHALL
STATE OF MINNESOTA**

**AN ORDINANCE AMENDING INTERIM ORDINANCE PROHIBITING THE
COMMERCIAL SALE, TESTING, MANUFACTURING, COMMERCIAL
CULTIVATING, COMMERCIAL GROWING, TRANSPORTING, DELIVERY, AND
DISTRIBUTION OF CANNABINOID PRODUCTS, WHICH INCLUDES CANNABIS
PRODUCTS, LOWER-POTENCY HEMP EDIBLES, AND HEMP-DERIVED
CONSUMER PRODUCTS IN THE CITY OF MARSHALL**

WHEREAS, pursuant to the City of Marshall’s City Charter, Section 1.02, and Minnesota Statutes, Section 412.221, subd. 32, the Council “shall have power to provide for the government and good order of the city, . . . the protection of public and private property, the benefit of residence, trade, and commerce, and the promotion of health, safety, order, convenience, and the general welfare by . . . ordinances”; and

WHEREAS, the City enacted an interim ordinance to allow the City Council time to study and consider adoption or amendment of reasonable restrictions on the operation or location of commercial businesses related to cannabinoid products, including retail stores in the City of Marshall offering Cannabis products, and Lower-Potency Hemp products, for the purpose of protecting the planning process and the health, safety, and welfare of the public; and

WHEREAS, although certain nuisance factors, including noise and odor, exist from manufacturing from seed to product, the Council has learned that with the Lower-Potency Hemp beverages, the manufacturing is not typically produced from seed to product, but instead, the manufacturers, such as breweries, purchase the THC in a liquid form and mix it with various seltzers to produce the THC-infused beverages. This type of manufacturing is less of a nuisance concern and allowing these Lower-Potency Hemp beverages to be manufactured at facilities that already produce intoxicating beverages represents a reasonable extension of their business and product lines, as long as it is not produced from the plant; and

WHEREAS, the City Council has determined that commercial businesses involved in limited manufacturing, and the transporting, or delivery and distribution of that infusion based lower potency hemp edibles and hemp-derived consumer products do not pose a risk to the health, safety and welfare of the public since the operation of those businesses do not result in an introduction or increase in availability of THC related intoxicating products for use within the jurisdictional limits of the City; and

WHEREAS, the City Council has determined that commercial businesses involved in testing, manufacturing, transporting, or delivery and distribution of lower potency hemp edibles and hemp-derived consumer products would not result in increased exposure or availability of these intoxicating products to youth in the community; and

WHEREAS, the City Council has determined that opportunities exist for commercial businesses in the City to provide services involving the testing, manufacturing, transporting, or delivery and distribution of lower potency hemp edibles and hemp-derived consumer products, which will benefit commerce in the City.

NOW, THEREFORE, The Common Council of the City of Marshall do ordain:
