Lauren

Jim Brock Trucking has been a vendor of Runnings since 2006. In the past he has shipped to all of our western stores out of our Pierre SD warehouse. Steve Coudron Trucking had been our carrier to our MN and eastern SD stores but has decided to retire. Jim Brock will now be servicing all Runnings stores in the Midwest.

Jim has made the investment in additional tractors and trailers to take care of our needs. He is looking for land to build a service center to take care of the trucks based out of Marshall. His other base of operations is in Huron SD.
