Annual Service Proposal and Contract for Whelen Outdoor Warning Sirens.

Effective January 1, 2019

Frontline Warning Systems, Inc. of Monticello, Minnesota hereby proposes the following contract for users of Whelen Mass Warning Products.

To ensure quality operation and longevity of Whelen Warning Products, it is necessary to perform inspection and maintenance of siren systems. This includes maintenance of the batteries, cabinet assembly, electronics, and other components of the siren system.

As a factory authorized service outlet, Frontline Warning Systems proposes to perform this work prior to Severe Weather season to ensure reliable operation.

Frontline will perform maintenance duties twice during the year under this contract to the owner and/or operator of each individual siren. This contract will carry an annual fee of \$200 for each Whelen Siren. One Spring Service (pre-season) and one Fall Service (post-season) will be completed.

The specific dates that maintenance is to be completed upon will ultimately be under the authority and convenience of Frontline Plus, but will be within appropriate seasons, including prior to severe weather season respectfully. Frontline Plus will coordinate these dates with each user. If specific service dates are desired, please coordinate these with Frontline Plus as early as possible.

In addition, Frontline will gather, record, and store records of maintenance for each individual siren site that carries a service contract. These records will be made exclusively available to the owner/operator of each site. These records will not be shared unless requested, and will only be shared with personnel authorized by the siren's owner/operator.

This will be a complete maintenance contract only. Frontline Warning Systems will perform maintenance duties as outlined in the Whelen operation and installation manuals by the factory. Replacement batteries, repair of individual components, component replacement, upgrades or other expenses are not included in this contract. This contract, under no conditions, will cover damages incurred by acts of God, vandalism, misuse, abuse, or improper operation.

If non-critical components fail, Frontline will notify the end user. A separate purchase order may be issued for those repairs. Components (such as batteries or other critical components) that have failed and have taken the siren completely off-line at the time of inspection will be replaced immediately at market price unless otherwise dictated at the time of contract acceptance.

Under this contract, Frontline Warning Systems will be available for a 48 hour response time on system failures. If a siren that is under contract fails, a representative from Frontline will be on-site within 48 hours to inspect, repair, or service accordingly. Also while under contract, there will be no trip charge issued for this response. This does not apply to failures as a result of non-replacement of items suggested during pre-season inspection.

This contract applies exclusively to customers (owners and operators) of Whelen products. In a siren system that has sirens of different manufacturers, only the Whelen sirens will be maintained under this contract. A separate contract may be issued for other sirens.

The purchaser of this contract will be billed for the annual contract around March 1st, 2019. The amount billed will be affected upon the total number of sirens requested for maintenance. Each individual siren will carry a charge as listed above; this is a one-time charge per siren per year for year of 2019. With an authorized signature on this form, the contract will begin from date of acceptance or March 1, 2019 (whichever is earlier) and will end January 31th, 2020. The purchaser will be billed before the first maintenance service is performed. If Frontline Warning Systems fails to perform maintenance service or becomes unable to perform duties, the pro-rated amount will be refunded to the purchaser.

A copy of this document with an invoice will be provided to the purchaser of this contract. This contract will be re-invoiced prior to March 1st, 2019 when the customer can choose to renew or cancel the contract.
