\*In those years that the Market Value is below the \$2,000,000 mark is due to the unrealized loss. This is a loss that won't be recognized as the city holds all investments to maturity. In 2023, the markets recovered but, not enough after the bond payment per spending policy was paid out. The same is for 2024, however, staff expect with current interest rates that the fund will be fully restored to the \$2,000,000.00 per Charter.
