Table footnotes:

- (a) Continuous benches and pews shall be assumed to allow one person per 22 inches of length.
- (b) Rental storage units parking spaces located in front of storage units do not require painted line identification and independent access.
- (c) When parking requirements are determined by employee counts, such calculation shall be based on the maximum number of employees on the premises at any one time; when parking requirements are determined by student or participant count, such calculations shall be based on the maximum design or licensed capacity.
- (d) Parking spaces for all outside sales lots and other outside uses shall be calculated separately based on this table in addition to building parking requirements.
- (e) The number of required parking spaces for parks, sports fields, churches, and stadiums may be reduced by 20 percent if gravel or grassy overflow space, adequate to compensate for reduced parking, is provided and all landscaping section requirements are met without considering overflow space.
- (f) In all industrial zoning districts, the city may allow a reduction in the number of required parking spaces for industrial uses when the owner can demonstrate, in documented form, a required need less than prescribed by the ordinance . The city may require the additional land that is

necessary to meet the required parking standard to be placed in reserve for parking development should the use change or parking provided be determined inadequate. If at any time the city determines parking to be inadequate, the city may require construction of any or all of the additional parking held in reserve.

- (g) Buildings or building areas where an accessory storage constitutes more than 30 percent of the use area shall be considered mixed uses and parking calculations shall be based on mixed use requirements.
- (h) Buildings where an auxiliary use serving the main use constitutes more than 20 percent of building human occupancy or building area and people not using the rest of the facility are allowed to be present shall be considered mixed use buildings and parking calculations shall be based on mixed use requirements except only 90 percent of parking spaces required for auxiliary uses shall be provided.
- (i) If calculated number of parking spaces is less than five, an accessible space shall be provided in addition to those spaces.
