

CITY OF MARSHALL AGENDA ITEM REPORT

Presenter:	Jason Anderson
Meeting Date:	Tuesday, June 9, 2026
Category:	NEW BUSINESS
Type:	ACTION
Subject:	Project AP-051: Self-Propelled Runway Snow Blower for Airport - Consider Authorization to Advertise
Background Information:	<p>The Airport is in need of a new Runway Snow Blower to ensure safe airport operations after snowfall events. The Airport’s existing Runway Snow Blower is a 1983 model that is 43 years old and has reached the end of its useful life. City staff is seeking Council authorization to advertise for bids for a replacement unit.</p> <p>This item was presented to the Airport Commission at their meeting on 12/01/2025 and also to the Equipment Review Committee on 06/09/2026 just prior to this evening’s meeting.</p>
Fiscal Impact:	The Airport CIP includes this project in the budget for \$900,000 in total cost (including State and Federal share of project expenses). Current estimated funding share for this project is \$612,000 Federal, \$22,500 State, and \$265,500 Bonding Levy.
Alternative/ Variations:	No alternative actions are recommended.
Recommendations:	that the Council authorize the advertisement for bids for a Self-Propelled Runway Snow Blower for Airport.
