WHEREAS, Marshall City Code, Chapter 86, Article II, Division 1, Section 86-29 Variances states that “Whenever within one-year after granting a variance the work as permitted by the variance shall not have been commenced, then the variance shall become null and void unless a request for extension of time in which to complete the work has been granted. The extension shall be requested in writing and filed with the zoning administrator at least 30 days before the expiration of the original variance;” and
