

CITY OF MARSHALL AGENDA ITEM REPORT

Meeting Date:	Tuesday, February 9, 2021
Category:	NEW BUSINESS
Type:	INFO
Subject:	Public Works Mapping and Informational Update.
Background Information:	<p>Public Works would like to show the City Council our current utility and infrastructure map that we've been developing in coordination with Marshall Municipal Utilities. The map utilizes the ESRI ArcGIS program to store data and display our systems over aerial imagery. MMU has had their facilities documented in this program for a number of years, while the City has been working over the past 2-3 years to collect data from our systems and get them included into this program. Developing this map takes many, many hours with coordination and effort from many different employees and departments. The City plans to continue driving forward with this program and we have plans to continually add data into this program.</p> <p>Further, Public Works would like to show City Council some of the additional information and flyers that we have been creating to help inform our public of our capital improvement program and our current construction projects. This information is available on our website and it is a continual work in progress.</p>
Fiscal Impact:	
Alternative/ Variations:	
Recommendation:	Informational
