The City has the right to charge and assess violators for all costs to the City for damages from any discharge or other action in violation of the City ordinance or in violation of a permit issued by the City, including all attorney's fees, court costs, sampling and monitoring expenses, and other expenses associated with enforcement of this section. Administrative fines or other enforcement actions are not considered to be payment of these costs.

When distinguishing between a Major violation and a Minor violation the following considerations shall be used:

1. Potential critical impact on public health or the environment.
2. Potential danger to human life or safety.
3. Continuing nature of violation.
4. Cost of restitution, repair, or remediation exceeds \$1,000.00.
5. Knowing performance of unpermitted activities.

Existence of one or more of the above criteria supports a finding of a Major violation. Enforcement officials must specifically describe the conditions observed to support this determination.

The administrative fine imposed for a second or subsequent violation of the same type by the same person or entity within a 24-month period may double the amount of the previous fine up to a maximum of \$1,000.00
