

CITY OF MARSHALL AGENDA ITEM REPORT

Meeting Date:	Tuesday, November 9, 2021
Category:	NEW BUSINESS
Type:	INFO
Subject:	Wastewater Treatment Facilities Improvement Project – Project Update Presentation.
Background Information:	<p>There are a few minor items to address and paperwork to complete, but the WWTF Improvements Project is substantially completed. Bob VanMoer, Wastewater Superintendent, and Scott Truedson, Assistant Superintendent, will be present to provide Council with a summary and project update presentation.</p> <p>City staff would like to coordinate a few facility tours for Council members. At a later date, we will circulate some dates and times to set up a few opportunities to take Council through the facility at their convenience. The tour will be a good opportunity for our City Council to see and understand our wastewater treatment process, as well as visualize the improvements that occurred at the facility.</p>
