

CITY OF MARSHALL AGENDA ITEM REPORT

Presenter:	Jason Anderson
Meeting Date:	Monday, November 7, 2022
Category:	NEW BUSINESS
Type:	ACTION
Subject:	E Street-Bruce Street-Lyon Street 4-Way Stop and Beacons.
Background Information:	<p>City staff would like the Council to consider removing the advance “stop ahead” flashing beacon on E Street as well as the two flashing beacon stop signs at the intersection. These beacons are aging and staff does not believe they are necessary. There are clear sight lines to the stop sign from both approaches and staff does not believe the beacons are needed. Staff would propose to save the cost of the lights and electricity and to simply have stop signs at these locations. Staff can consider adding a reflective strip to the pole on the E Street side (stop sign is shortly after the curve) and we can also consider a slightly oversized stop sign on this approach to help compensate for the loss of flashing beacon.</p>
Fiscal Impact:	
Alternative/ Variations:	No alternative actions recommended.
Recommendations:	Staff recommends to remove the flashing beacons and replace with traditional stop signs at these locations.
