Subject:	Steel Double Drum Asphalt Roller for Street Department
Background Information:	<p>The attached specification is for the replacement of the existing 1980 Ingersoll Rand steel roller at the Street Department. The existing roller is very costly to maintain because parts are hard to get due to age of the unit or parts are modified to keep it in working condition.</p> <p>Three quotes were received for this replacement. The low quote was submitted by Ziegler CAT for a CAT CB 2.5 GC at a total cost, less trade-in, of \$43,636.10.</p>
Fiscal Impact:	The 2024 Street Department Capital budget includes \$40,000.00 capital equipment fund levy for this purchase.
Alternative/ Variations:	No alternative actions recommended.
Recommendations:	Committee recommend to Council the purchase of a new roller and trade-in of existing roller.
