| Subject: | Ordinance Revision - Sec. 66-108(d) – Walkways: Introduction of Ordinance. |
| Background Information: | <p>The City Engineering Department has been committed to a minimum 5-FT sidewalk width for many years. It is the opinion of City staff that a 5-FT minimum width is much more comfortable for sidewalk users. The intent of changing this ordinance is to ensure that our City ordinance agrees with current Engineering Department principles. On all reconstruction projects and all new subdivisions, it is staff’s belief that 5-FT should be the minimum allowable width. City staff will not require 5-FT sidewalk if a property owner is replacing 4-FT sidewalk in an existing area with 4-FT sidewalk adjacent.</p> <p>Attached is a red-lined copy of the proposed revisions and a clean copy of the ordinance.</p> <p>This item will be discussed at the Legislative & Ordinance Committee meeting on September 28, 2021 with introduction of ordinance at City Council that same evening.</p> |
| Fiscal Impact: | None. |
| Alternative/ Variations: | No alternative actions recommended. |
| Recommendation: | that the Council introduce the attached ordinance. |
