

City of McCleary

STAFF REPORT

To:	City Council
From:	Chief Sam Patrick
Date:	9/7/22
Department:	Police Department

Greetings Council

Things are progressing within the department.

Officer Edward Benge has begun his training and is slated to be on the road covering shifts soon.

Interviews conducted on Sept 7, 2022, for the open lateral position, anticipation of selecting and begin background-polygraph and psychological testing to follow.

The latest vehicle purchase finally is close to being completed and ready for service.

Still will need to order/purchase another vehicle to complete the transition /upgrade. NOTE: Currently there are no police vehicles avail through the normal outlets. Ordering is unavailable until the end of September with vehicles completed by March, April or May.

On the Motorcycle program, I have located another unit at a price of \$7,500 plus upfitting. I believe this is a project that will be useful, and I have found a very economical way to implement it.

Police Clerk is obtaining all the needed training for her position.

Chief Sam Patrick
