

# City of McCleary

## STAFF REPORT

<b>To:</b>	City Council
<b>From:</b>	Chief Ryan Miskell
<b>Date:</b>	September 2025
<b>Department:</b>	Police Department

### Department Report:

- **Traffic Safety:**  
We received a Letter of Understanding (LOU) from the Washington State Department of Transportation regarding the placement of our digital speed sign. A local permit is currently being processed and is expected to be finalized shortly.
- **Officer Vacancy:**  
Officer Sneed's last day with the department was August 27th. She had been pursuing opportunities closer to her home and family over the past year, and we wish her continued success with her new department. A recruitment process is underway to fill the vacant position. In the interim, Bruce Watts will assist with shift coverage to ensure there is no disruption to our 24-hour service.
- **Training:**  
Firearms training was successfully conducted in August, with all participating officers passing their qualifications. We are planning an additional firearms training session before the end of the year. Emergency vehicle operation training is also currently being scheduled.
