

City of McCleary
STAFF REPORT

To:	Mayor Huff and Council
From:	Paul Nott
Date:	6/2/2026
Department:	Light and Power

Hello All,

This last month we had 5 outages, completed 12 maintenance work orders, and worked on line maintenance (tree trimming).

Two outages were from birds, two from trees and one was unknown cause.

We have completed our preparations to cut over the southwest section of town to the 12KV substation and now are planning an evening outage (please see attached map) that will affect approximately 130 of our customers. The date for the outage will be Thursday night 6/18/2026, beginning at 10:00 PM and ending Friday morning at 4:00 AM.

We are now starting on Sand Creek and preparing it for cutting over as well.

The crew has also been clearing vegetation from the lines as we do every year for line maintenance.

If anyone has any questions or concerns, feel free to contact us...

Paul
