

City of McCleary

STAFF REPORT

To:	Mayor Dahl and Council
From:	Paul Nott
Date:	8/6/2026
Department:	Light and Power

Hello All,

This last month the crew installed 6 new customer services, continued work to cut over the Sand Creek area, worked with PW to prep and take down Bear Festival, and continual tree trimming line maintenance. We have also been busy collecting the data and submitting for FEMA assistance from the storm in December of 2025.

Currently we are continuing to prepare the Sand Creek area for cut over and are hopeful of having it completed by the end of the month.

If anyone has any questions or concerns, feel free to contact us...

Paul
