

City of McCleary
STAFF REPORT

To:	Mayor Miller and Council Members
From:	Steve Randich
Date:	Oct. 3,2022
Department:	Public Works

Mayor and Council,

Currently we are fixing streets around town by cutting out the bad patches and repairing them with new asphalt. We have rented an asphalt roller along with a concrete saw to help finish these projects in a timely manner. We also have repaired several water leaks around town and installed a new culvert in the 400 block of Fir St.

Thank you,
Steve
